Arizona Livestock Sanitary Board,
State Building,
Phoenix, Arizona

Gentlemen:

This is in response to an oral request by your Mr. Grounds as to whether your board should collect inspectors' fees for inspecting these cattle that have been purchased by the federal government in drouth stricken areas in this state.

The Attorney General is of the opinion that the purchasing, transporting and disposing of the cattle in question is a governmental function and cannot be taxed or regulated by the state. You cannot, therefore, collect fees for inspecting such cattle.

Yours very truly,

Attorney General
