Miss Florence M.Warner, Secretary,
Arizona Board of Public Welfare,
407 Heard Building,
Phoenix, Arizona.

Dear Miss Warner:

I have your communication of May 18th, concerning working of aliens in Pinal County, and in reply will say that in accordance with my telephone conversation with you some time ago, it is my opinion that so far as State funds are concerned, we have no right to expend the same in the employment of aliens. So far as the Federal portion of the funds is concerned, I think the State is powerless to dictate how the same should be expended.

Very truly yours,

Dudley W. Windes,
Special Assistant
Attorney General.
