LAW LIBRARY
ARIZONA ATTORNEY GENERAL

March 17, 1939

Mr. Frank Thomas,
County Attorney, Cochise County,
Bisbee, Arizona.

Dear Mr. Thomas:

I have before me your letter of February 27 requesting an opinion from this office as to whether or not there is an Arizona statute which prevents or prohibits the storing of large quantities of gasoline in tanks not buried or submerged in the usual manner in unincorporated towns of the state.

We have made a search of the statutes and have found no such statute. However, we believe that certain rulings of the Interstate Commerce Commission prohibits the construction of such tanks in close proximity of a railroad. However, we are not familiar with the details of such ruling.

Very truly yours,

JOE CONWAY,
Attorney General

W. E. POLLEY,
Assistant Attorney General

EARL ANDERSON,
Special Assistant
Attorney General.
