State Department of Weights & Measures
State House
Phoenix, A r i z o n a

Dear Mr. Frank:

Acknowledging your letter of 18 March enclosing telegram relative to the 10% decrease in weight of bread and rolls:

Assuming that the Office of Price Administration has promulgated a legal directive authorizing a 10% decrease in weight of bread, nevertheless, Section 76-114, A.C.A. 1939, requires that the label on all bread sold or offered for sale in Arizona must bear the name of the manufacturer and the correct net weight thereof, written or stamped with indelible letters and figures.

Any change in the weight therefore must contain the corrected label.

Very truly yours,

JOHN L. SULLIVAN
Attorney General
