Hurde

My dear Mr. Osborn: —

I have not had the honor of meeting you for years — but Captain Rynning and I — as long as he was here — have watched and admired you, in fact from the time you started on your Career.

What I am sending out you will fully understand when you remember how quickly "vigilantes" went to work there in Phoenix when that atrocious murder was committed between Florence & Phoenix and there was no Capital punishment in Arizona.

Well there are too many people most every one in fact I have talked with wind up with: "Well the only good Jap is a dead one". You know what that means. That is why I say get them East of the Rockies — for their own sakes as well as ours.

Wouldn't a thing of that sort give the "Japanese War Lords" a good alibi to torture our prisoners of war?

I have not said one word of things I know, as it is unnecessary.

Well thank you very much

I am most truly yours

Margaret E. Rynning

(Mrs Thos H. Rynning)
