Dear Mr Fire Cheef
Dan Fraijo, ——

July 2nd 2013.

South Tyneside
England
NE333ND.

As a Mother of a Fire Officer I am compelled to write to you to express my utter horror, and shock at the dreadful loss of your courages, skilled, and fine young fire fighters. My prayers, and thoughts, and very best wishes for the future are with you and the familys of these wonderful men.

It will be hard for a long while, but with Gods help and also the American Government, and its people, I hope and pray that there will be better times to come in the distant future,

My love to you all —

Take care,

Mrs Margaret Hall x
