Thank you for your hard work, dedication & sacrifice. We had just returned from a camping trip up at Big Lake & much of our time was seeing the devastion of the fire of 2011. Our hearts broke when we returned home to learn of the deaths of these brave fire fighters the same day. We can't stop thinking about them & all of their families, friends & coworkers.

We are so very sorry for this great loss!

To the Family, Friends, teammates, Brothers, Sisters, Spouses & children & especially the parents of these fine heroes; words are never enough...

But we hope you can feel
the heartfelt caring
and deep sympathy
that are meant
just for you.
