To whom it may concern:

Please accept this _____ to benefit the Granite Mountain Hotshot families who have made the ultimate sacrifice.

This tragedy was personal to us as we own a piece of land in the Ruger Ranch development off of 89 (between Peeples Valley and Kirkland Jct). My husband happened to be in Wickenburg when the fire occurred and could see smoke from there over the Bradshaw Mountains.

It's as painful to contemplate now as it was 2 months ago.

Let the families know they will always be in our prayers.

Sincerely,

Julie + Mike Scarks
