Enclosed is our donation for the families of the Granite Mountain Hot Shot crew.

Our 25 year old son is a wildland firefighter and is employed by the state of N. Dakota. He & his crew were in New Mexico at the time of the tragic loss of the Granite Mtn. "shots" as he referred to them. It really shook their entire crew as I'm sure it did fire fighters and their families nationwide.

We continue to hold all of the families and the lone survivor in our thoughts and prayers.

Sincerely,

Jody & Craig Cooper
Sauk Rapids, MN.
