July 2, 2013

To the Firefighters of Station 7,

Our hearts, thoughts and prayers go out to you all at the time of this terrible tragedy that has come to your station and town.

We have been shedding tears for you all and I know the nation is shedding tears with us for you.

We know what a great job fire-fighters do in protecting life and property and are always ready when called, no matter what the emergency might be.

These men will never be forgotten and will be mourned and missed everlastingly in memory.

We salute you, respect you, and thank you for your service.

Bless you all,

Bob + Donna
