To the Granite Mountain Hotshot Families -

We were devastated when we read of the Granite Mountain tragedy, and wanted to send our support, prayers and a donation to help you all through this difficult time.

Our son was a hotshot with Pleasant Valley during 2009 and 2010, so it felt like a personal loss besides the loss that the whole country has felt.

Even though we didn't know them, from what we've read the Granite Mountain hotshots seemed like wonderful, brave, caring, selfless young men, who anyone would be proud to call their son, husband, father, brother or friend.

They were true heroes, and if it helps at all please know that everyone we know has you in their prayers and thoughts.

Sincerely,

Elaine and Dave Paley
