RE: Our Deepest Professional Respect for your Department's Loss

Chief Fraijo,

The events of the Yarnell Hills Fire have left members of the U.S. Fire Service with deeply wounded hearts. As a gesture of our sincere sense of your Department's tragic loss, Jefferson County Fire District#1 have chosen to recognize your loss and honor it with a token of our respect and shared sense of duty to the children and families of the Granite Mountain Hotshot Crewmembers who gave their lives to protect the citizens of the great State of Arizona.

Please direct our contribution to the established fund that has been created to honor the memories of The Granite Mountain Hotshots. Our wish is that our contribution be applied as much as possible, to the specific needs of the 51 children who are left fatherless by this tragedy.

In a separate yet related thought, we wish to commend the Prescott Fire Department for showing the leadership and vision to create the Granite Mountain Hotshot crew. We believe that the actions of the Prescott Fire Department has shown an exceptional commitment to public service, and fire safety to the citizens of Arizona and many western States where the Granite Mountain Hotshots have responded.

With our deepest respect,
