We would appreciate it if the city was not involved in this great effort you would pass this on to those who were responsible.

Thanks to whoever helped us and did such a great job of coordinating everything for the Prescott Hot Shots.

We will remember the kindness forever.

God Bless

Thank You

To Whom it may Concern,

We are family of Stephanie (Bons) Turbyfill and we want to thank you for all you have done for family of the Yarnell Hill wildfire.

Someone paid for our flight from Wisconsin to Arizona and saw to the fact that we had lodging at Prescott College.

We are very thankful for everything that was done for us.
