Dear Prescott Fire Dept:

I wanted to reach out with heartfelt Condolances for your recent losses. Being from a state that is at the mercy of wildfires, I want you to know how appreciated your work is and how I hold you all very closely at heart. I don't feel the magnitude of your loss- but I am indeed hurting right along with all of you. Much love to your families, friends, community + brothers/sisters in the service field. Thank you for being who + what you are + please accept my sympathies. Beth Whitten

XO
