July 2013

To The Anonymous Equipment Driver:

My thoughts and prayers are with you as you grieve the loss of your friends. And, please know that I am so proud of you.

Proud because you were able to accurately "read" the dangerous fire;

Proud because you gave immediate warning of the fire danger to your colleagues;

Proud because you did the job assigned to you;

Proud because of your actions you were able to survive.

As you move through life, do take much care of that anonymous equipment driver. Indeed, he is a very special person.

Sincerely

Suzie Aldrich
