Dear Friends,

The residents on the self-care wing wanted to send their Christian love to all of you and your communities. When we heard on the TV what had happened, it sent a wave of shock and grief that covered the whole place.

Each time that emergency workers are called to work, they are putting their lives on the line. That takes a special kind of person. They are true heroes and must have a special place in heaven.

We are praying for everyone in your area because something like this affects everyone along with the families and friends. May God bless and comfort all of you.

With respect,
Kathryn Kelly
