We appreciate the lives that were given in order to protect and serve the people of Yarnell. We recognize the strength and bravery it took to do what those men did. Thank you to all who were involved, our prayers are with your families and friends! May God ease your hearts and grant you peace in this difficult time. May He also protect those who are still in harms way and give them the skills and resources to extinguish the fire. We wish you the best!

With love from your friends
