Aurora-Borealis

Poem inspired by and in memory of Carlos Campos,

25 years of age. Words dedicated to all our loved ones.

Written by his cousin, DeNita Grmick, to his family and

given to all Families from her heart to yours.

Here are 20 poems, 1 for each family that has lost someone special. I was born and raised in Phoenix and have firefighters in my family. I want to share this poem with these brave men's families.

They will never be far from us.
