7/9/13

Dear Firefighters of Prescott,

I came to "Frozen Frannies" with my husband after watching the Memorial today on a large screen in the Heritage Room (lower level) of the Prescott Library.

The Memorial was done with such sincerity, dignity and grace... Very encouraging to those of us who have been mourning with you since 6/30/13. It was obvious there really is a "brotherhood" that will remain connected to the families of those who suffered loss of 19 of your brothers.

God bless you.
