Mr. G. W. Harrell, Director
Research and Finance
Department of Public Instruction
1730 West Adams
Phoenix, Arizona

Dear Mr. Harrell:

We concur in Attorney General's opinion No. 59-15, that students over the age of twenty-one may be counted by a high school district in computing its average daily attendance. Of course, the requirements of A.R.S. § 15-1212 defining daily attendance for high schools must be met.

It is our opinion that affected districts are entitled to apportionment made on a basis which includes students over twenty-one meeting these requirements, and we suggest that steps be taken to include them henceforth.

Very truly yours,

WADE CHURCH
The Attorney General

BETSY C. FREDERICKSON
Assistant Attorney General
