[Handwritten scribbles]

Marvin S. Cohen, Chief Civil Deputy
County Attorney
Pima County Court House
Tucson, Arizona

Dear Mr. Cohen:

I have been advised by the engineers of the Highway Department that the only significance of the double line in Arizona is to designate a no passing area. I was advised by the Engineer that if the area was not signed "no left turn" and if there were no barriers there, he did not know of any reason to prohibit either a left turn across the double white lines at intersections or the driveways.

This office sincerely appreciates your cooperative attitude and will be pleased to discuss any matters arising in the future.

Best Regards.

Sincerely yours,

WADE CHURCH
The Attorney General
