OPINION BY: ROBERT W. PICKRELL  
The Attorney General

QUESTION: Is the boundary line between Pima and Maricopa Counties west of the Gila and Salt River meridian the south second standard parallel or is it a projection of the south second standard parallel as it lies east of the Gila and Salt River meridian ?

ANSWER: A projection of the south second standard parallel.

The boundary line is the projection of the south second standard parallel as it lies east of the Gila and Salt River meridian. Maricopa County v. Pima County, 34 Ariz. 59, 267 Pgc. 601, (1928).
