LAW LIBRARY
ARIZONA ATTORNEY GENERAL

Dear Sir:

This will acknowledge receipt of your letter of January 5, 1939, wherein you ask an opinion of this office as to whether a non-profit corporation should comply with the general provisions of the incorporation law requiring the Articles of Incorporation to be published at least six times in some newspaper.

We are of the opinion that a non-profit corporation, created under the session laws 1935, Chapter 43, Section 602, 1936 Supplement must conform to Articles of Incorporation laws in general and must file, record and publish its Articles of Incorporation as required in Session Laws 1936, Chapter 24, Section 587, 1936 Supplement and Session Laws 1929, Chapter 17, Section 588, 1936 Supplement.

The provision of Section 602, supra, permitting the dispensing with publication of amendments to Articles of a non-profit corporation when each member signs a waiver is in our opinion limited to amendments of the Articles and does not have any application to publication of Articles of Incorporation required of newly formed corporations.

Very truly yours,

JOE CONWAY,
Attorney General.

CHARLES BERNSTEIN,
Assistant Attorney General.

EARL ANDERSON, ✓
Special Assistant
Attorney General.
