

October 10, 1939

Mr. H.T. Healy, Comptroller  
University of Arizona,  
Tucson, Arizona.

**LAW LIBRARY**  
**ARIZONA ATTORNEY GENERAL**

Dear Sir:

In answer to your letter dated September 26th wherein you refer to the possibility for the University of Arizona to participate in the Civilian Pilots Training Program, we are of the opinion that the University of Arizona cannot purchase accidental death policies for students enrolled in the Civilian Pilots Training Program. The University of Arizona is an arm of the State and as such is not responsible for accidents. However before we can go into the question of the Civilian Pilots Training Program we must have more information as to what their requirements are before the University can participate in said program.

Yours very truly,

JOE CONWAY  
Attorney General.

ALBERT M. GARCIA  
Assistant Attorney General

EARL ANDERSON ✓  
Special Assistant  
Attorney General.
