Re: Conflict of Interest - I78-265 (R78-332)

Dear Mr. Rothschild:

In response to your inquiry of November 7, 1978, regarding the above-referenced subject, no facial conflict of interest exists between your private and public endeavors. The fact that you as a practicing attorney and your law firm represent doctors of medicine in their business dealing does not of itself taint your appointment to the Board of Medical Examiners. It is only when you, by reason of your occupation or other consideration, have a substantial interest in a decision of the Board that a conflict of interest arises. In such instances, you are required to make this interest known in the public records of the Board and refrain from participating in any manner in the decision.

Sincerely yours,

John A. La Sota, Jr.
