My dear Mr. Rowe:

Governor Osborn has instructed me to reply to your recent letter concerning the American born Japanese, Tad Yoshizaki, whose services are frequently employed by the Arizona Poultry Improvement Association.

There are in the Arizona statutes, insofar as we are able to learn, no barriers which would prevent Mr. Yoshizaki from entering Arizona at any time. In the event any difficulties should arise in that connection, this office will be glad to take any steps which may appear to be necessary at the time.

With best regards and all good wishes, I am,

Sincerely yours,

Executive Secretary
