October 30, 1941,

Sidney P Osborne
Phoenix
Arizona.

Dear sir.

I am writing you asking why food stamps, clothes and other comodities are furnished to people who have children they are supposed to send to school. This is an aid to help parents send children to school for education. Well the school is the cotton patch money earned by these children is used to buy cars and gasoline to travel from place to place. Is this fair to the younger generation No. Why. Because it is just as beneficial for them to be educated for National Defense as the cotton to make clothing and other things of things of vital value to our

United States. And Arizona.
It has a school law which
is only enforced in few
localities. Now is the time
to make our state one
where children have a
chance to go forward
in knowledge instead
of being brought up like
a pack of wolves with only
one thought work in the
cotton patch or field. Saturday
and after school hours can
be used for work there. I
am only a tax payer
and I am putting three
school 3 adopted children
and if I had more money
and could afford it I'd
send more children to
school. for the Sake of My
Country. I would love
to talk to you personally
I am sure you would
realize my plea for the
kids of our state.

but knowing you to be
a very busy man and
many are seeking appoint-
ments. Thanks for listening
Yours respectfully

Mrs Wilhma E Fredrickson
Box 1011
Casa Grande
Arizona.

P.S.

I am always thinking
of Children, and
am interested in
Child Welfare.
