Phoenix Ariz.

My Dear Governor;

I see that Ariz wants another veterans hospital. That is a grand idea because there will be so many veterans coming home who will spend the rest of their days in a hospital and more hospitals will be needed to care for them properly. Ariz has a wonderful climate in most parts of state.

Bisbee and vicinity is one spot that would be

ideal.

There is a large hospital in Ft. Huachuaca which perhaps will be abandoned - like many others.

If it would be possible to purchase it from the Govt it would be available for use at once and no doubt cheaper than building one.

Ft Huachuaca has a de - lightful climate.

I have not been able to do much for war, but I do feel interested in seeing the war veterans have a comfortable place when they return home. No one deserves it more.
