

OFFICE OF  
THE GOVERNOR OF ARIZONA  
SAMUEL P. GODDARD

THE CAPITOL  
Phoenix

November 29, 1965

Mr. Elmer Butler  
Country Club Addition  
Kingman, Arizona

Dear Mr. Butler:

In May of this year President and Mrs. Lyndon Johnson called together some of the nation's leading citizens to participate in the White House Conference on Natural Beauty.

The results of this meeting were impressive, and, in line with the President's request, an Arizona Conference was held in August. The eight panels that participated in the state conference presented many fine recommendations for action in Arizona. Some of these have been put into effect--others await additional work.

In order to implement these recommendations as fully as possible, I am appointing a Governor's Commission on Arizona Beauty. I realize that it is asking a great deal of Arizonans to serve on any commission when it means sacrifices on their part. At the same time I believe you will agree with me on the significance of preserving and building a truly beautiful Arizona.

It would be a great pleasure to appoint you to this important Commission and am certain that your work thereon would be a credit to your community and the state. I would appreciate hearing from you as soon as possible of your willingness to serve.

Sincerely,

Sam Goddard  
Governor
