El Paso, Texas, January 3rd, 1916.

FILE NO.

Mr. Charles F. Willis,
University of Arizona,
Tucson, Arizona.

Dear Sir:

In reply to your letter of December 31st and previous letter of November 18th I beg to say that illness and pressure of other matters have prevented my sending you the information asked for earlier; also absence from headquarters.

I herewith enclose a statement I have prepared for the Copper Hand-Book (next edition) bringing the notice of our company up to date, and from which you may derive what information you require. In addition I may add the following heads of operating departments:

General Mine Superintendent, P. B. Scotland; Mine Superintendent (Longfellow Group), John Kiddie; Mine Superintendent (Coronado Group), W. G. Scott; Mine Superintendent (Metcalf Group) R. B. Earling; Concentrator Superintendent, Arthur Crowfoot; Smelter Superintendent, F. N. Flynn; Engineer of Construction, E. Horton Jones; Master Mechanic, N. G. Hardy.

Hoping the matter submitted will cover your requirements, but if not, you will find detailed description of the property and plant in the various technical journals, I am,

Yours very truly,

Norman Carmichael

NC/I.

General Manager.
