Mr. Butler, Dean,
Dept. of Mines,
University of Arizona,
Tucson, Ariz.

Dear Mr. Butler,

I had the pleasure, in El Paso, of meeting Mr. Warrell, Dean of the Texas School of Mines, and having met him some time prior to this meeting, we entered into friendly converse, and he was glad to hear of the early completion and occupancy of your beautiful new apartments, of which I advised him.

Speaking of Ray Hercules, and your keeping the various clippings, I enclose you a clipping which speaks of adverse rumors, and I take it, if this is a fact, your department is the first that wants this information, so as to be in a position to handle the situation, if within your line of authority. If you can trace or obtain any accurate information on this question, won't you kindly let me know, so that I may be enabled to act accordingly.

With the writer's kind personal regards, I am,

Yours very truly,

WFG-L.
