Thirty-three freshman girls from Concho Indian School, Concho, Oklahoma, visited our campus on May 5, 1969. The purpose for this trip was to let them know what our campus was like because some of these students may transfer here for the coming school year, 1969-70.

They arrived here at approximately 11:00 a.m. and were taken on a guided tour by several of our students. They visited various class-rooms, buildings and dorms. They left around 4:00 p.m. after buying some refreshments.

EDITORIAL

By Myrcine Buffalo Meat

Well, it's that time of year again. I'll bet each of you students know what I'm talking about—the end of school and graduation. We will all be going our different ways. There will be many paths to follow once we leave Chilocco. They will be both good and bad. If you choose the wrong path, your future may not look too bright and encouraging, but if you choose the right path, you will be successful in life. You may be discouraged and you may feel beaten, but never give up. You are young and strong.

Take the path that you feel will be right and good for you and take pride in the path you choose.

BOYS RECEIVE PIES FOR CLEAN ROOMS

Seventy-four boys from 28 different rooms at the New Dorm received pies for the month of April. Special recognition goes to Clifford Martin and Leo Snyder of Room 34 for excellent room inspection for the past year.

The pies were bought at Arkansas City and were paid for from the profits received by selling popcorn during movies at Haworth Auditorium and the selling of soft drinks at the New Dorm.

Let's all congratulate them on their good work.

JOURNAL WINS MERIT AWARD

The Oklahoma Interscholastic Press Association (OIPA) has awarded the "Chilocco Indian School Journal" merit recognition in our class. The annual critical service of the association is sponsored by the H. H. Herbert School of Journalism, University of Oklahoma, Norman Oklahoma.

POET'S CORNER

MARCHING ONWARD FEET

by Carol Russell

Some folks say to stay in school
Is the way to follow the golden rule.

Right to school every day,
Make no stops along the way.
Like Confucius say, "Make supreme effort, don't be late,
If you want to escape sorrowful fates"

Of sitting in study hall making up time
For the minutes wasted taking your time.

Now being late and missing school
Does upset our principal's cool,
Be sure you follow his regulation,
But have no fear of a provocation.
Remember this about restrictions!
Their purpose is to keep down frictions!

HOW IS THIS FOR DEFINITION?

The following article was received from Mrs. V. Archambault a teacher in the 9th and 10th grade department.

"Students will be getting their semester report cards soon and that reminds me of the young boy who was asked to write a theme on human anatomy. Remember this?"

'Your head is kind of round and hard and your brains are in it and your hair is on it. Your face is the front of the head where you eat and make faces. Your neck is what keeps your head out of your collar. It's hard to keep it clean.

'Your shoulders are sort of shelves where you hook your suspenders on them. Your stummick is something that if you do not eat often enough it hurts and spinach don't help it none.

'Your spine is a long bone that keeps you from folding up. Your back is always behind you no matter how quick you turn around. Your arms you got to pitch with and also you can reach the butter on the table. Your fingers stick out of your hand so you can throw a curve and add up rithmatick.

'Your legs is what if you have not got two of you cannot get to first base. Your feet are what you run on. Your toes are what always get stubbed. This is all there is of you except what's inside and I never saw that!

The Grand March was led by Dr. and Mrs. Leon Wall, Mr. and Mrs. C. Winston, Mr. and Mrs. C. Wallace, the Senior and Junior class officers and their escorts and then everyone joined in. The Grand March was then followed by a waltz and several other teen dances. After the dancing, came the crowning of the Prom Queen.
