## **YELLOW PAGES**

**CITY:** Flagstaff, Ash Fork, Grand Canyon, Page, Sedona, Seligman, Williams.

**YEAR:** July 1959

## These YELLOW PAGES are Your CLASSIFIED TELEPHONE DIRECTORY

In the following Yellow Pages, business firms and individuals are "classified" according to the kind of business they do. There is a separate Classified Heading for each different business, product or service, for example: Architects, Department Stores, Florists, Sporting Goods, Sewing Machines-Repairing, etc. Classified Headings are alphabetically arranged and the names under each one are also alphabetically listed.

### It's EASY to use the YELLOW PAGES!

Here's all you do . . .

#### 1. WHEN YOU WANT TO BUY SOMETHING . . .

Suppose you want a refrigerator—FIRST find the classification "REFRIGERATORS" in the "R" Yellow Pages. Under this classification, conveniently listed for you, are the merchants who are anxious to sell you the refrigerator of your choice. Simply pick out any store or dealer you wish, one whose advertisement attracts you, or who sells the brand you want, or whose location is convenient, or whose name may be familiar or recommended.

#### 2. WHEN YOU NEED A SERVICE OF SOME KIND . . .

Suppose you want a radio repaired, or a dead tree removed or you are moving to a new home—FIRST find the proper classification, such as, "RADIO REPAIRING," "TREE SERVICE" or "MOVERS" in the "R," "T" or "M" pages, then simply pick out the one you want.

#### 3. WHEN YOU WANT TO FIND OUT WHO SELLS OR SERVICES A CERTAIN "BRAND NAME" OR TRADE MARKED PRODUCT . . .

If you want to find a dealer for a nationally known product or service, such as a service station handling a particular brand of gasoline. . . FIRST turn to "SERVICE STATIONS" in the "S" pages. Then look for the Trade Mark or brand name of the product you seek. Usually one or more dealers who handle this brand will be listed under the Trade Mark name.

If the particular brand name you are looking for is not listed this way, a quick look through the advertisements within this classification will show what brands the various firms feature.

Because it is so easy, 9 out of 10 people use the Yellow Pages when looking for thousands of other products or services. You can use it too, to learn who in your city, handles a certain product that has been recommended or which you have seen advertised elsewhere.

### The Yellow Pages are useful in other ways!

#### 4. PERHAPS IT ISN'T CONVENIENT TO SHOP IN PERSON . . .

Simply select a store or individual merchant of your choice, and call them by telephone. Usually they are able to deliver promptly to your home. Often the ads in these Yellow Pages tell you they are anxious to do so.

#### 5. SUPPOSE YOU REMEMBER THE LOCATION OF A BUSINESS FIRM, BUT HAVE FORGOTTEN THE NAME, OR AREN'T SURE OF THE SPELLING, BUT YOU'D RECOGNIZE THE NAME IF YOU SAW IT . . .

Of course, you know it's very difficult to find anyone in the white alphabetical section unless you know the exact name. Here's where the Yellow Pages can help you—just suppose you want to call the drug store at 25 Central Avenue. Simply turn to the classification of "DRUGGISTS" in the Yellow Pages. Then look through the listed names until you see the address you know or the name which you recognize.

#### 6. EVEN WHEN YOU KNOW THE NAME, IT IS OFTEN EASIER TO FIND IT IN THE YELLOW PAGES . . .

Suppose you want to call Mr. Smith who is a plumber. Just look in your Yellow Pages for the classification of "PLUMBERS." It is much easier to find your Mr. Smith there, among the relatively few "Smiths" who are Plumbers, than in the long list of "Smiths" in the white alphabetical section of the directory.

IT'S EASY TO USE THE YELLOW PAGES! Usually you can find the classification you wish without any difficulty. But sometimes it is hard for us and for the business firms who list their names in the "classified" to know the exact word or phrase YOU are going to think of as the "Classification" when you look in the Yellow Pages for a certain thing.

You might look under "ICE BOXES" which we show as "REFRIGERATORS," or you might look for "ATTORNEYS" which we list as "LAWYERS." We always try to use a classification worded in the way it is most commonly used to designate a business or product, but sometimes there is another way of saying it.

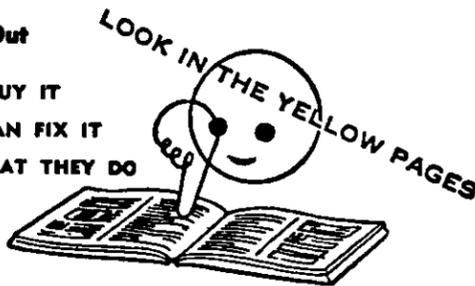

Often we include "cross-references" which are designed to guide you to the right place to look for the desired list, such as "Attorneys, See Lawyers." Sometimes there are no cross-references, so when you look for a service or product and can't find it, try and think of a word or phrase which also describes that service or product.

Sometimes, when you are looking for a specific item, such as a hub cap for a certain make and model of automobile, you may not always find entries under the specific heading of "HUB CAPS." You will usually find many listings of firms who can help you under the more general classifications of which the specific item you want is a part, such as "AUTOMOBILE PARTS & SUPPLIES," "AUTOMOBILE WRECKING" or "AUTOMOBILE REPAIRING."

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Shop, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Shop, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Shop, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

**make sure your new home  
features the built-in convenience  
of concealed telephone wiring**

Concealed Wiring (pre-wiring) simply means this: During construction, a telephone serviceman visits your new home to run the wires for the telephones you'll want after you've moved in.

In this way, when you want to add extension telephones later, there's no inconvenience, no unsightly exposed wiring to mar the beauty of your new rooms.

Most architects, contractors and project builders are familiar with our pre-wiring service. If yours isn't, be sure to ask that it be included as a part of your building plan.

*If you'd like free assistance in planning the most efficient, most economical use of the telephones in your home, just call our Home Telephone Planning Service. We're delighted to sit down with you and explain how pre-wiring and maximum telephone convenience go hand-in-hand.*

Floor plan for a new home. Note the locations marked for extension telephones. Locations that provide maximum telephone convenience in the house.

Personally yours... for privacy when you want it, for reassurance when you're alone, for convenience the year around... a bedroom extension telephone in color is an attractive expression of your own good taste.

TO ORDER TELEPHONES IN ANY OF THESE DECORATOR COLORS FOR ANY ROOM, JUST CALL OUR BUSINESS OFFICE. (Ask About the Dial-Nite-Lite for Bedroom Telephones.)
