HOW TO
FIND IT FAST
IN THESE
Yellow Pages

Whether you are a newcomer or have lived in the city for years you will be surprised to find the many services and commodities you can locate in the Yellow Pages. Thousands of classified headings have been established to help identify the activities of practically every local profession or business that has a telephone.

READY TO BUY?

Bakers or Bottles - Florists or Furniture - Tailors or Travel Agencies . . . Just turn to the proper classification and you will find many firms represented with listings and advertisements giving you vital information to help in selecting a firm to call.

—————*Tell Them You Found Them in the Yellow Pages!*—————

LOOKING FOR BRAND NAMES?

Turn to the classification which best describes the product or service you want. Authorized dealers for products bearing the Trade Mark or Trade Name you have in mind, will be represented there, ready to serve you.

—————*Tell Them You Found Them in the Yellow Pages!*—————

FORGET SOMETHING?

You remember the address but you can't quite recall the name. Look under the appropriate heading for the product or service you want, then check the addresses of the dealers listed there. You will quickly recognize the address and the name you had forgotten.

—————*Tell Them You Found Them in the Yellow Pages!*—————

EVEN WHEN YOU KNOW THE NAME

The Yellow Pages help you find it faster! For example, if the dealer you are looking for is named Brown it is much easier to look for him under the classification descriptive of his business, than to look through the long list of Browns in the white pages.

—————*Tell Them You Found Them in the Yellow Pages!*—————

IF YOU ARE IN BUSINESS

You will be giving better service to your customers and prospects if you advertise your goods and services under all headings descriptive of them. For details about advertising or additional listings in the Yellow Pages, just call your Telephone Company Business Office.

MEMO TO MR. BUSINESSMAN...

Thousands of Buyers, Looking for Products, Services, Name Brand Articles

THESE YELLOW PAGE BUYERS...

***EITHER KNOW YOU or your firm
because they are . . .***

1. Recommended to you
2. Influenced by your other advertising
3. Solicited by you or your salesmen
4. Passers-by impressed by your place of business
5. Former customer of yours

***Help these Yellow Page buyers find
your firm easily . . .***

IF your firm is known by more than one name, list each name, also the individual names.

IF your firm name has an unusual spelling, capitalize the name and list other known spellings of it.

IF the buyer remembers the address—not the name—feature the address, show building name, also proximity to well-known landmark.

IF firm handles more than one product or service, list the firm name under every applicable classification.

***OR DON'T KNOW YOU or your
firm because they are . . .***

1. Newcomers who may be new in or to the community or neighborhood
2. Individuals with a newly acquired hobby or interest
 - a changing family group
 - marriage or babies
 - new income bracket
3. Emergency buyers
4. Dissatisfied buyers
5. Comparison bid buyers
6. Infrequent buyers
7. Visitors

***In Choosing an Advertiser from the
Yellow Pages—Buyers Are
Influenced by . . .***

1. Complete details of service
2. Location or territory served
3. Reliability features
4. Brand name products
5. Illustration and copy
6. Guarantees and Insurance

In a recent study, 49% of the people who had a firm in mind when they looked in the Yellow Pages told us they changed their minds and called another because:

1. The firm they wanted was not listed at the heading they referred to.
2. They were influenced by another firm's advertisement at the same classification.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Shop, Radio or Watch Repairing Department. Your advertising in the Yellow Pages will help old customers to return and new ones to find you. Yellow Pages advertising works effectively and consistently in your behalf.

free concealed telephone wiring

for real livability

make sure your new home features the built-in convenience of concealed telephone wiring

WHAT IS CONCEALED WIRING? Telephone wires *strung in the walls* to any location in your home where you might eventually want extension phones—like the kitchen, master bedroom, family room, basement or living room.

HOW MUCH DOES IT COST? Concealed Wiring is absolutely FREE, furnished by us as a service to you through your builder or architect.

WHEN IS IT DONE? During construction, a telephone installer visits your new home to run the wires.

HOW CAN YOU GET CONCEALED WIRING? Your builder, contractor or architect can arrange with us to provide concealed wiring during construction. If you'd like, just call us direct.

Here's a typical floor plan for a three-bedroom home. Note the locations where extension phones can be installed, locations that assure maximum telephone convenience anywhere in the house.

For Modern Western Living...

Provide Telephone Convenience throughout Your Home

Add a decorator's touch to your home or apartment — with just the right size, and color, extension telephones.

Make your selection from wall, desk or space-saving Princess phones... in a variety of high-fashion colors.

The Beauty of Extension Phones...

convenience, style and comfort... for such low cost... To order, call our telephone business office, or ask your telephone serviceman.
