CAREER SERVICE CENTER- Do you know where you're headed? Do you know what it takes to get there? Are you aware of all the resources available to you for planning your career? If the answer to any of these questions is "No", then Career Services is for you. Multi-media facilities are available for your use, including the Guidance Information System...a nationwide computer network of jobs, colleges, Armed Forces occupations, and even financial aids... all waiting for your questions.

Find out where you're going...how to get there. Explore the resources in the Career Services Center, at the East end of the cafeteria. We're here to help.

JOB PLACEMENT - You have a PAL you may not know about....the Career Services Center. PAL stands for Placement, Advisement, Life planning. For you, that means JOBS...right now, to help you through school. It means getting the right courses to prepare you for your eventual career. And it means discovery of where you're going and how to get there. If you need a pal, head for Career Services Center, in the East end of the cafeteria. We're here to help.

NOTICE TO ALL STUDENTS - In the event of a fire drill or actual emergency, when you evacuate a classroom building please move at least 50 feet away from the closest point of the building in order that the fire department or other emergency services may conduct their work.

This is also a precaution for your own safety. In the event of a fire, you should be far enough away from the building that the heat from a fire or the collapse of the building because of structural damage should not have any adverse effect on you.

Please make every effort to comply with this request.

INSTRUCTIONAL MATERIALS CENTER - Fifty-eight reproductions of famous paintings, framed and ready for hanging, are on open circulation in the Library. Selection can be made from the Art Print Photo Album at the Circulation Desk in the library; the prints are circulated on a first-come first-serve basis. To make the prints available to as many students as possible, there is a limit of one print per person. Students must show their ID cards each time they check out an art print, book or other materials. All prints are due back May 4, 1979. Borrowers assume full responsibility for liability in the event of loss or damage; however, there is no rental fee.

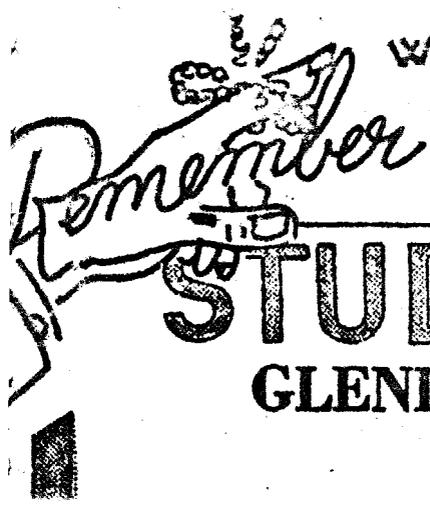

Students may check out art prints beginning January 22, 1979. Faculty and staff may begin check out January 29, 1979.

Schedule for cassette duplication and tape player check-out - A student enrolled in a course using audio materials is to bring his cassette tape (90-minute TDK Highlander, Memorex, or Scotch only) to the Library Circulation Desk where he will be given a label on which to write his name and the title of the tape to be copied (tape cases should not be left). Tapes require 24 hours for duplication.

Tape players may also be checked out at the Circulation Desk: a student must show identification and leave his name and social security number on the check-out card. Players may be checked out for three days (e.g.; those checked out on Monday are due back Wednesday, those checked out on Thursday are due Monday). The fine for overdues is 25¢ per day.

Learning Assistance Center has recently acquired a Visualtek, Model RS-8. Basically, the visualtek is a video low vision aid manufactured to enable people with moderate to severe sight limitation to easily, independently read and write. The system utilizes a television monitor, a camera and a powerful lens. Nearly anything that can be "seen" by the camera can be viewed greatly magnified--to over 60 times the original size--on the monitor screen. If you are interested in using this read and write system, stop by the LAC, IMC L-138. The LAC will be closed Feb. 19, 1979 which is being observed as President's Day.

Wednesday, May 2, 1979 the GCC Physics Dept. will host a Community Night at the observatory. The members of the community will be invited to visit the observatory and view several objects in the Spring time sky. The GCC Observatory includes two bldgs located within the north-east corner of the stadium-track complex. One bldg is a conventional dome and shutter type observatory which houses the main 12 inch diameter telescope. The other bldg is a roll-off roof observatory which houses a 10 inch diameter telescope along with a variety of other sizes. The public is invited to park their cars in the large parking lot east of the stadium and enter the observatory area through the large gate at the north-east corner of the stadium fence. Viewing will begin at about 8:30 p.m. and will continue until about 10:00 p.m. Those desiring any other information may call Mr. John Winters or Mr. Paul Maxson at GCC (934-2211, Ext. 275).
