THANKS- On behalf of the faculty of Glendale Community College may I thank the student body for its splendid behavior during the registration period. All of our activities have been gone through to make it possible for you to achieve academic success.

Thank you for your understanding and your good beginning of a new year.

John F. Prince, Dean

December 15, 1965

Dr. John F. Prince, Dean  
Glendale Community College  
1510 East Camelback Road  
Phoenix, Arizona

Dear Dr. Prince:

As you indicated by telephone, Glendale Community College is a separate unit in the Maricopa Junior College System and maintains the same standards of classroom work and employment qualifications and the same procedures as Phoenix College, the accredited older unit in the County system. Consequently, this letter is to give assurance that credits for courses completed by your students at your institution will be acceptable in transfer at the University of Arizona, provided they have a grade of C (3.0) or better and provided that the courses fit into the degree plans of the curricula at this University. Vocational courses will not carry degree credit here but academic courses will generally transfer if they meet the above two qualifications. In other words, credits are transferable in the same way as from a four-year accredited institution.

Sincerely yours,  
Walter H. Delaplane, Vice President  
Academic Affairs  
The University of Arizona  
Tucson, Arizona
