JOINT SESSION OF THE SENATE AND HOUSE OF
REPRESENTATIVES OF THE THIRTY-FIFTH LEGISLATURE,
FIRST REGULAR SESSION OF THE STATE OF ARIZONA

The Joint Session of the First Regular Session of the Thirty-fifth Legislature was called to order by Senator Leo Corbet of District 18, President of the Senate.

A quorum of both Houses was present.

The Joint Organization Committee consisting of Senators Pritzlaff, Rottas, Lunn, Gabaldon, Sawyer; Representatives Wright, Higuera, Jewett, Meredith and Thomas, returned escorting His Excellency, Bruce Babbitt, the Governor of Arizona.

Governor Babbitt, who was introduced by President Corbet, delivered the following message:

OPENING MESSAGE
OF
GOVERNOR BRUCE BABBITT
FIRST REGULAR SESSION, THIRTY-FIFTH LEGISLATURE
JANUARY 12, 1981

It is a pleasure to join you today for the opening session of the Thirty-fifth Legislature. I anticipate a productive session and look forward to working with you.

As we commence a new decade, Arizona continues to share the favorable economic and demographic trends that now characterize the Southwest. The 1980 census shows that Arizona's population gained 53% during the last decade, bringing more than one million new residents and providing the second fastest growth rate of all the states. Demographic projections for the 1980's indicate that this trend will continue with Arizona leading the nation in population growth.

Again this year, preparing to accommodate this explosive growth will be the major issue facing Arizona. The issue we face is not whether we grow, but how we can grow without jeopardizing the values that brought us here in the first place -- Arizona's climate, clean air, natural beauty and open space. To do so will require a strong effort by this Legislature to anticipate our needs, and to exercise good judgment in planning to accommodate them.

I have submitted for your consideration a detailed list of issues that deserve priority attention in this session. For now I would like briefly to review a few of the most important.

Monday, January 12, 1981

First Day

THE BUDGET

I have submitted to you an austere budget. It calls for an overall 9% increase in the level of spending, less than the rate of inflation. It provides for a 2% increase in the number of State employees, substantially less than the rate of population growth. The budget includes some baseline program cuts and substantial increases in several areas of great need.

The budget provides for a surplus of \$35 million dollars. I urge you to devote that surplus to tax cuts in two categories: 1) increasing by \$200 the personal exemption for every taxpayer and dependent in this State and 2) providing an investment tax credit, modeled on the federal credit, for businesses investing in new plant and equipment. An investment tax credit will underline Arizona's commitment to facilitate economic growth and provide jobs for its citizens.

RESOURCE ISSUES

There are two resource issues of utmost concern for all Arizonans: water and land. We cannot grow and develop without an assured water supply. Arizona has sufficient water to accommodate growth if we have the discipline to marshal our resources, plan carefully and promulgate a conservation ethic.

Three water issues are of continuing concern, and I would like to briefly review our progress since I last spoke with you. Those issues are 1) groundwater, 2) Central Arizona Project allocations, and 3) flood control.

Last June the Legislature, in an historic special session, enacted a new groundwater code for Arizona, the most comprehensive groundwater management code in the entire United States. Its passage is a tribute to your foresight and sense of responsibility.

We now face the equally challenging task of implementing the complex management plan required by that code. I ask for your help in two areas.

First, we must not yield to requests that the groundwater code be amended out of existence before it has a chance to work. We should not pass any amendments at all unless they are absolutely necessary to solve real problems and have the support of the major groups that participated in drafting the code.

Second, the Department of Water Resources will need a substantial increase in its resources to effect the management scheme called for by the code. The Department of Water Resources budget requests are absolutely necessary if we are to translate a complex regulatory law into a smoothly functioning administrative scheme that will benefit all Arizonans with a minimum of unnecessary interference.

First Day

Our efforts to complete allocation of Central Arizona Project waters have been far less successful. Last November our negotiation with the Secretary of the Interior reached an impasse, caused by the Department's refusal to work out proposals by the State designed to accommodate the conflicting interests of all water users. Following the breakdown of negotiations, I instructed the Department of Water Resources to initiate litigation to preserve the State's position and challenge the legality of the Secretary's action.

A new Administration takes office in approximately ten days, and I am confident that, with the aid of the Congressional Delegation, we can get our outstanding differences resolved, agree upon a common plan of action and proceed to complete the allocation process.

The long awaited Central Arizona Water Control Study will be completed this year. That study will provide a final set of engineering facts, cost comparisons and alternatives for a final decision on Orme Dam or an alternative. I am hopeful that the study will provide the facts for a decision that we can all agree upon; in any event it will be necessary this year to commit to an alternative and proceed to implementation. If necessary, I will ask the Legislature to participate directly in that process.

STATE LANDS

The proper use and administration of our state lands requires your urgent attention. Income from the trust has been increased from \$14 million to \$24 million in the last four years. However, outmoded and restrictive laws have prevented the Land Department from maximizing revenues to support public education and reduce the property tax burden on citizens of this state.

The Auditor General, your own auditor, has pointed out in clear and unblinking language that present laws are subsidizing users of state lands to the detriment of public education and at the expense of all taxpayers in the state. Your own auditor points out that statutory mineral royalties are unconscionably low, depriving the trust of as much as \$6 million per year. Your own auditor has stated that if grazing leases were comparable to those charged by other private and public entities the state would receive several million dollars additionally in revenues. Your own auditor has pointed out that adequate support for policing of trespass on state lands would result in several million additional dollars in income to the trust.

I fully support the findings of the Auditor General and urge the Legislature to adopt his recommendations made in the performance audit report of the State Land Department.

We must also have an Urban Lands Bill. An adequate Urban Lands Bill must, at a minimum, assure two things: first, that the planning of state lands is properly coordinated with local planning processes and, second, that lands are sold and leased in a manner that

Monday, January 12, 1981

First Day

produces true value to the state, not windfall profits to speculators as has so often been the case in the past. To achieve these objectives, the State Land Department must have the authority to enter into long-term commercial leases and to require overall planning and zoning as a pre-condition to release of the lands.

TRANSPORTATION

We all recognize that an adequate transportation system is vital to the continuing growth of this state. The 8¢ gas tax is an increasingly anemic revenue source, ravaged by inflation and reduced by better auto mileage. Federal aid, a traditional mainstay of highway construction is likewise sharply declining in real dollars.

Raising taxes is not a popular process. In a time of high inflation and declining real income, the public is understandably skeptical of any proposals to raise new revenues. If we are to ask further sacrifice, we should take extra steps to prove the need, to involve the public in the process, and to obtain clear public approval.

I therefore suggest the following:

- 1) the issue of transportation should be addressed outside the regular session, on a bipartisan basis with the broadest possible community involvement.
- 2) when a plan is ultimately developed, it should be placed on the ballot for approval by the voters. Those making the sacrifice should have the opportunity to choose whether or not they want to do so.
- 3) the ballot should include three incremental choices, with benefits matched to specified revenue sources.
 - 1) maintenance of the existing system
 - 2) a modest upgrading of the system at all levels statewide
 - 3) a package that would include large new sums for freeways or their equivalent in Phoenix and Tucson.

I have previously made several suggestions regarding the financing of a highway program, but there are many conceivable alternatives, and at this point agreement on how we should proceed is perhaps more important than details of the final plan.

MEDICAL CARE

The major human resource issue continues to be Arizona's failure to meet its responsibilities for public health care. The fourteen counties are moving inexorably to the verge of bankruptcy. County budgets, restricted to a diminished property tax base are consuming more than 25% of their resources for state mandated

First Day

health care. Arizona is the only state in the Union which provides neither federal assistance nor state assistance to the counties.

The only question before this Legislature is not whether you do something--but when. The issue is whether the Legislature will act in advance of the crisis or whether you will choose to wait until we are in the midst of a full-scale crisis over health care.

We must have a state program, by whatever name you care to call it. If you use the Federal dollars which Arizona taxpayers have already sent to Washington, that will mean many less dollars from state revenues. If you don't, we must pay twice and use state dollars.

I will submit to you a state program with strong cost containment. You can accept or reject it. There are many alternatives at both the Federal and the State level. I will sign any reasonable bill designed to assist the counties. It is urgent that you act now.

Thank you.

The Joint Organization Committee escorted the Governor from the House Chamber.

Without objection, at 1:02 p.m., the Joint Session of the Legislature was dissolved.

At 1:11 p.m., Speaker Kelley called the House to order.

A. Each member-elect of the House of Representatives, before or at the time of taking the oath of office, shall be required to file with the Chief Clerk of the House an affidavit, sworn to before an official qualified to administer oaths, and executed within the thirty-day period immediately preceding his induction, that he is not and has never been a member of the Communist Party or affiliated with such Party, and that he does not believe in, is not a member of, and does not support any organization that believes in or teaches the overthrow of the United States government by force or by any illegal or unconstitutional methods.

B. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Const. Art. IV, Part 2, Sec. 11). A violation of any of the House Rules shall be deemed disorderly behavior.

C. When any member shall be guilty of a breach of any of the rules and orders of the House, and the House has determined that he has so transgressed, he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

D. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

First Day

RULE 2. ANNUAL SESSIONS

Regular sessions shall be adjourned sine die no later than the third Friday in April of each year. The general appropriation bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.

RULE 3. OFFICERS AND EMPLOYEES

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this rule.

RULE 4. THE SPEAKER

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned; immediately call the members to order; cause the roll to be called; and, if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases except to determine his own rulings.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

Monday, January 12, 1981

First Day

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member to perform the duties of the Chair for a period of not to exceed 10 days; and in his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during his absence.

F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

RULE 5. THE CHIEF CLERK

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Assistant Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

First Day

RULE 6. ROLL CALL, QUORUM, CALL OF THE HOUSE

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented; and shall vote on each question put, unless the member has a direct personal pecuniary interest in the question, or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, exclusive of Sundays and holidays, nor to any place other than that in which it may be sitting, without the consent of the Senate (Const. Art. IV, Part 2, Sec. 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by less than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege". A Call of the House may be ordered by a majority of the members voting, provided the minimum number authorized to order a Call of the House is present.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole. Any member who wishes to protest any bill bypassing the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the three-day posting, and this protest will automatically remove the bill from the Consent Calendar. L. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. RULE 13. SITTING AS IN COMMITTEE OF THE WHOLE

The House may by majority vote of those voting sit as in Committee of the Whole for consideration of any subject.

RULE 14. VOTING

B. No member shall be permitted to vote unless present in person to cast his vote.

C. No member shall vote for another, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be punished in such manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

D. When a roll call vote is ordered, every member who shall be within the hall of the House shall give his vote, aye or nay, unless the member declares a direct pecuniary interest in the question or is excused by the House.

E. When a roll call vote is ordered, no member shall leave his seat until the vote is declared. The roll will be taken once only. When a member declines to vote, the member shall be required to specify the reason. If the reason given is other than a direct personal pecuniary interest in the question, the presiding officer shall submit the question to the House, "Shall the member be excused from voting for the reason given?" The question shall be decided without debate before the roll call vote is taken and the result is announced.

F. A member may change his vote after the roll call has been completed and before announcement of the result, but not thereafter.

First Day

G. Every member shall have the privilege of explaining his vote (such explanation shall not exceed ten minutes) and shall further be permitted to have his written explanation placed on file in the office of the Chief Clerk and the Journal shall so show except that this provision shall not apply in committees of the House.

H. The Speaker or designated member shall declare all votes; but if any member doubts a voice vote, a rising vote shall be ordered and the result declared.

RULE 15. ELECTRIC ROLL CALL SYSTEM

A. In all cases where a rule of the House of Representatives refers to "roll call", such reference shall be understood to refer also to the "taking" of the vote by an electric roll call system.

B. When taking the ayes and nays on any question to be voted upon, the electric roll call system, so-called, may be used, and when so used shall have the same force and effect as a roll call taken as otherwise provided in these rules.

C. When the House is ready to vote upon any question requiring a roll call, and the vote is to be taken by the electric roll call system, the Chair shall announce: "You have heard the motion" or "You have heard the ___ reading of (designating the matter to be voted upon). Those in favor will vote aye. Those opposed will vote nay. Do not vote until you hear the bell. The House will now proceed to vote."

RULE 16. MOTION TO AMEND, GERMANENESS

A. When a motion or proposition is under consideration, a motion to amend, and a motion to amend that amendment shall be in order. No amendment in the third degree shall be allowed.

B. It shall also be in order to offer a further amendment by the way of a substitute amendment to which one amendment may be offered.

C. A motion to strike out and insert is indivisible, but a motion to strike out being lost shall neither preclude amendment nor shall a motion or proposition on a subject different from that under consideration be admitted under the color of amendment.

Monday, January 12, 1981

First Day

D. The Arizona Constitution (Art. IV, Part 2, Sec. 13) provides in part that "every act shall embrace but one subject and matters properly connected therewith,..." To comply with this requirement, an amendment may not expand the scope of the original bill to give it a new purpose.

1. An amendment is presumed to be germane only if:

(a) It is in a chapter of the Arizona Revised Statutes already in the bill, and

(b) It comes within the scope of the short title of the bill.

2. An amendment which fails to satisfy subparagraph 1 is still germane if it satisfies one of the following conditions:

(a) It proposes only technical and conforming changes.

(b) The bill is a comprehensive treatment of one area of law, e.g., a complete revision of an entire program or agency, or a rewrite of an entire title of the Arizona Revised Statutes, and the amendment relates to the program, agency or title affected.

(c) Strikes everything after the enacting clause and substitutes material obviously designed to accomplish only one purpose.

(d) A bill is an omnibus revenue and taxation bill and the amendment relates to taxation.

(e) The bill is in uncodified session law or it is a special appropriation bill and the amendment clearly relates to the original purpose of the bill.

E. In filling blanks, the largest sum and the longest time shall be put first.

F. Upon request of any member each amendment shall be considered separately.

RULE 17. SENATE AMENDMENTS, CONFERENCE COMMITTEES, CONFERENCE REPORTS, FINAL PASSAGE

A. Any amendment by the Senate to any House bill shall be subject to one of the following:

1. Concur in Senate amendments by voice vote and Final Passage by roll call vote.

2. Refuse to concur in Senate amendments and appointment of Conference Committee (simple or free).

3. Speaker may refer the bill with the Senate amendments to a committee which after study shall recommend concurrence or nonconcurrence.

First Day

B. Any amendment by the Senate which includes the addition of the emergency clause shall require a two-thirds vote of the members elected to the House for Final Passage with the emergency clause.

C. Conference Committees may be either simple or free.

D. A Simple Conference committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the bill, enactments of the current session or procedural requirements.

E. A Free Conference Committee may recommend striking amendments, compromising disagreements or inserting something entirely new.

F. A copy of each Conference Committee report shall be placed on each member's desk a reasonable time before consideration of the report. Adopted conference reports and the House bills to which they pertain shall be referred for engrossing, and the bill after being engrossed shall be placed on Final Passage.

RULE 18. DECORUM AND DEBATE

A. When a member desires to speak in debate or deliver any matter to the House, or make or second a motion, he shall rise and address himself to the Chair, and on being recognized may address the House. He shall confine himself to the question and avoid personalities. No member shall impeach or impugn motives of any other member's argument or vote.

B. When a measure is presented for consideration to the House or in Committee of the Whole, the introducer of such measure shall be entitled to recognition to open the debate. In his absence this right of recognition shall pass to the senior member of the Committee reporting the measure who voted favorably thereon.

C. When two or more members rise, the Chair shall name the member who is to speak; but in all cases the member who shall first rise and address the Chair shall speak first.

D. No member shall interrupt another while speaking except to call to order, to correct a mistake or to move the previous question.

E. No member shall speak more than 10 minutes on any question except as further provided in this rule.

F. No member shall speak more than 5 minutes on any amendment to the question except as further provided in this rule.

G. No member shall speak more than once on any question, provided, however, that the sponsor of a bill or question shall have

10 minutes to open and 10 minutes to close debate. Any member desiring to speak more than once, or more than 10 minutes on any question, or more than once or more than 5 minutes on any amendment to the question, shall be accorded the privilege without objection or upon a motion supported by two-thirds of the members elected to the House.

RULE 19. IMPERMISSIBLE DEBATE

A. No member shall be permitted to indulge in personalities, use language personally offensive, arraign motives of members, charge deliberate misrepresentation or use language tending to hold a member of the House or Senate up to contempt.

B. If any member be called to order for words spoken in debate, the member calling him to order shall repeat the words excepted to; and they shall be taken down in writing at the Chief Clerk's desk and read aloud to the House, but he shall not be held to answer or be subject to the censure of the House therefor if futher debate or other business has intervned.

C. If any member in speaking or otherwise transgresses the Rules of the House, the Speaker shall, or any member may, call him to order, in which case he shall immediately sit down unless permitted to explain; and the House shall, if appealed to, decide the case without debate. If the decision is in favor of the member called to order, he shall be at liberty to proceed, but not otherwise; and, if the case requires it, he shall be liable to censure or such punishment as the House may deem proper.

D. There shall be no debate at the Third Reading or Final Passage of a bill except by a two-thirds vote of the members elected to the House.

RULE 20. PROTEST

A. Any member shall have the right to protest and have the reasons of his protest entered in the Journal (Const. Art. IV, Part 2, Sec. 16) subject to provisions of paragraph B of this rule. Any member rising to speak on protest shall be allowed to speak for a period not to exceed 10 minutes.

B. The protest of any member, not exceeding 200 words, may be entered in the Journal; but the language thereof shall impute no unworthy motive to any other House or Senate member nor transgress the Rules of the House relating to the language used in debate.

RULE 21. MOTIONS

A. When a motion has been made, the Speaker shall state it or if it be in writing cause it to be read aloud by the Chief Clerk before being debated. It shall then be in possession of the House, but may be withdrawn at any time before debate begins or

First Day

amendment is offered. No motion shall be recognized without the member rising and addressing the Chair.

B. All motions shall be reduced to writing, if requested by the presiding officer or by a member, and shall be entered in the Journal with the name of the member making it, and shall be read before the same shall be debated.

C. No dilatory motion shall be entertained by the Speaker or Chairman.

D. A second shall be required on every motion except in Committee of the Whole.

E. "Privileged Questions" are a class of motions which have the highest precedence.

	<u>Debatable</u>	<u>Amendable</u>	<u>Majority Vote</u>
1. To adjourn	NO	NO	YES
2. To take a recess	NO	YES	YES
3. To lay on the table	NO	NO	YES
4. For the previous question	NO	NO	YES
5. To postpone to a time certain	YES	YES	YES
6. To commit, refer or recommit	YES	YES	YES
7. To amend	YES	YES	YES
8. To amend an amendment	YES	NO	YES
9. To offer a substitute amendment	YES	YES	YES
10. To amend a substitute amendment	YES	NO	YES
11. To postpone indefinitely	YES	NO	YES

Monday, January 12, 1981

First Day

These several motions shall have precedence in the foregoing order, and no motion to postpone to a time certain, to refer, or to postpone indefinitely, being the same day at the same stage of the question decided, shall again be allowed on the motion.

RULE 22. LAY ON THE TABLE

A. The motion to lay on the table is used for final adverse disposition of a matter without debate and is in order before the member entitled to prior recognition for debate has begun his remarks. The motion is applicable to (1) a motion to reconsider, (2) postpone to a day certain, (3) question of privilege, and (4) appeal from decision of the Chair, but may not be made after the previous question is ordered.

B. A motion to table a bill carries pending motions connected therewith; and when a proposed amendment is laid on the table, the pending bill goes there also. A motion to table a motion to reconsider the vote by which an amendment has been agreed to would not carry the bill to the table.

C. The motion to lay on the table is not subject to amendment or debate and requires a majority of the membership. To take a bill from the table requires a majority of the membership.

D. The motion to lay on the table cannot be applied to the motions (1) for the previous question, (2) to suspend the rules, (3) to commit after the previous question is ordered, or (4) to any motion relating to the order of business except the motion to discharge a committee.

RULE 23. PREVIOUS QUESTION

A. The previous question shall be put in the following form: "Those in favor of ordering the previous question will vote aye; those opposed will vote nay."

B. The motion for the previous question, when agreed to, has the effect of cutting off all debate and bringing the House to a direct vote upon pending amendments, if any, in their order, and then upon the main question, except that after the previous question has been ordered, each side shall be allowed five minutes, the affirmative closing the debate.

C. When the member entitled to speak under this rule is absent, the member standing first in order upon the committee reporting the measure, who is present and joined in the report, shall have the right to occupy such time.

D. After the previous question has been ordered on the passage of a measure, one motion to recommit shall be in order. The previous question is not debatable or amendable and requires a majority of those voting.

First Day

RULE 24. POSTPONEMENT

A. The motions to postpone are two in number and distinct: (1) to a day certain and (2) indefinitely.

1. The motion to postpone to a day certain is in order immediately after the approval of the Journal unless displaced by more highly privileged business. The motion is subject to amendment, debatable within narrow limits only (the merits of the bill to which it is applied not being within those limits) and requires a majority of those voting.

2. The motion to postpone indefinitely opens to debate all merits of the proposition to which it is applied. It is not applied to motions to refer, suspend the rules or resolve into a Committee of the Whole. The motion cannot be amended and requires a majority of those voting.

B. The postponement motions are not in order in Committee of the Whole until after the measure has been thoroughly discussed and are not made in direct form.

RULE 25. RECONSIDERATION

A. When a motion has been made and carried or lost, it shall be in order for any member who voted with the prevailing side, on the same day or the next day of actual session thereafter, to move for the reconsideration thereof at a time certain not to exceed seven days; and such motion shall not be amended and shall be immediately disposed of. Such motion shall take precedence of all other questions except a motion to adjourn or the consideration of a conference report.

B. The motion to reconsider is adopted by an affirmative vote of a majority of those voting, even when the vote reconsidered is on a matter that requires two-thirds or more of those voting for affirmative action. On motion to reconsider, the ayes and nays having been acted on, another motion to reconsider is not in order.

C. No bill, resolution, memorial or petition referred to a committee shall be brought back into the House on a motion to reconsider.

D. When a bill, resolution, report, amendment, order or measure, upon which a vote has been taken, shall have gone out of the possession of the House and has been committed to the Senate, the motion to reconsider shall be accompanied by a motion to request the Senate to return the same, which last motion shall be acted upon immediately, and if determined in the negative shall be a final disposition of the motion to reconsider.

First Day

RULE 26. DIVISION OF QUESTION

On demand of a member before the question is put, a question shall be divided if it includes propositions so distinct in substance than one being taken away, a substantive proposition shall remain.

RULE 27. PRIVILEGE OF THE HOUSE, PERSONAL PRIVILEGE

A. "Questions of Privilege" are those questions which relate to the rights and privileges of the Body or of its members in their official capacity, and should be distinguished from "privileged questions" which are a class of motions having the highest precedence pursuant to Rule 21.

B. "Questions of Privilege" shall be:

1. "Privilege of the House" which affects the rights of the House collectively, its safety, dignity and integrity of its proceedings and has the highest precedence.

2. "Personal Privilege" which relates to the rights, reputation and conduct of members individually, in their respective capacity only; and shall have precedence of all other questions except motion to adjourn and except as provided in Rule 7. Any member rising to a point of personal privilege upon being recognized shall first state the point and shall be allowed to speak for a period not to exceed 10 minutes.

RULE 28. PETITIONS, MEMORIALS AND OTHER COMMUNICATIONS

He appointed Mr. McConnell, Speaker pro tempore, and Mrs. Rosenbaum to represent the House at preliminary discussions with the Governor in determining the kind of observance to be held. After his prayer, Mr. Skelton delivered his famous "Pledge of Allegiance" recitation to the delight of the membership, staff and guests:

"As I go around the country, I hear the Pledge of Allegiance being recited and it takes me back to when I was a small boy in Vincennes, Indiana. I heard a speech that has stayed with me all through the years. We boys and girls had just finished reciting the Pledge of Allegiance which at that time was about 10 years old, it was written in 1913. Our teacher got up, our principal, and he brought us all together and he said:

'Boys and girls, I have been listening to you recite the Pledge of Allegiance all semester and it appears that it has become monotonous to you, or could it be, you do not know the meaning of the words? If I may, I would like to recite the Pledge and give you a definition for the words... I... me... an individual, a committee of one... pledge... dedicate all of my worldly good to give without self pity... allegiance... my love and my devotion... to the flag... our standard... old glory... a symbol of courage and wherever she waves there is respect... because your loyalty has given her a dignity that shouts freedom is everybody's job... of the United... that means we have all come together... States... individual communities that have united into 48 states... 48 individual communities... all with pride, dignity and purpose... all divided by imaginary boundaries... yet united to a common cause... and that is love of country... of America... and to the Republic... a republic... a state in which sovereign power is invested into representatives chosen by the people to govern... and the government is the people... for which it stands... one nation... meaning so blessed by God... indivisible... incapable

of being divided . . . with liberty . . . which is the right of power for one to live his own life without fears, threats or any sort of retaliations . . . and justice . . . the principles and qualities of dealing fairly with others . . . for all . . . for all . . . which means, boys and girls, . . . it's as much your country as it is mine!"

Since I was a small boy, two states have been added to our nation and two words have been added to the Pledge of Allegiance . . . under God. Wouldn't it be a pity if someone were to say, that is a prayer . . . and that be eliminated from our schools too. "

The assemblage showed their appreciation with a standing ovation, after which Mr. Skelton led the group in the pledge to the flag. Mr. McConnell expressed gratitude to the Secretary of State, Rose Mofford, and her staff for helping to make Mr. Skelton's appearance possible.

Without objection, the reading of the Journal of Wednesday, February 25, 1981, was dispensed with and approved as written.

Senate Bill 1053, do pass
Senate Bill 1059,
Majority: do pass amended
Minority: do not pass amended

For the following reasons I am voting "no" on Senate Bill 1059, as amended by the Ways and Means committee:

1. It was not demonstrated that the tax-free status of cigarettes in Indian-run stores has had a substantial adverse impact on the viability of nearby markets in direct competition.
2. Tribe members have large investments at risk in some of these operations. Imposition of state taxes in addition to tribal taxes already being paid would endanger that investment. These investments in these businesses were entered into at the urging of the community that Indians become gainfully employed in their own businesses. The decision to enter this particular field was predicated on the law as it now stands.
3. The gross revenue to the state is roughly estimated at \$1.8 million, which I do not believe to be significant in view of the potential damage to the tribes and the fact that we passed quite quickly over a previous bill conforming to I.R.S. changes which will cost the state over \$4 million in income tax previously collected on dividend and interest income.

Eighty-first Day

Senate Bill 1177,
 Majority: do pass amended
 Minority: do not pass amended

It is my opinion that S.B. 1177 would encourage sweeping and unnecessary changes in personnel in County administrative positions based on political whim. This practice would deny a competent employee an opportunity to retain his job based on job performance. Recourse, such as appeal to a personnel board, would be non-existent. Increased turnover and retraining of employees could be costly to taxpayers and interrupt the flow of government services.

I do not disagree that administrators should answer directly to elected officials. This proposal reaches beyond what is necessary to achieve accountability. Further, this bill creates the potential for the rebirth of the political patronage system.

BUSINESS ON THE SPEAKER'S DESK

A communication from the Governor, Bruce Babbitt, on disapproval of the following bill was read and filed:

April 20, 1981

The Honorable Frank Kelley
Speaker of the House
House of Representatives
Phoenix, AZ 85007

Dear Speaker Kelley:

I am today vetoing House Bill 2304 and returning it to the House herewith.

House Bill 2304 recognizes a new accreditation agency for chiropractors. However, the Chairman and Vice Chairman of the Board of Chiropractic Examiners have strongly advised me that the time is not ripe for Arizona to make a final judgment in this matter. Only one other state -- Florida -- has seen fit to grant the Straight Chiropractic Academic Standards Association status as an accreditation agency, and the experience of that State has not been, according to the members of the Arizona Board, entirely favorable.

One-Hundredth Day

The Chairman and Vice Chairman advise caution before Arizona embarks on a similar plan.

Our statutes accept the principle of self-regulation of the professions. Given that statutory approach, we should be reluctant to discard the opinions of the experts as to matters of technical competence in the various professions. The experts tell me that this is a bill whose time has not yet come, and I am therefore vetoing it.

Sincerely,

/s/BRUCE BABBITT
Governor

House Bill 2183, Senate Bills 1332, 1344, 1393 and 1399, signed April 17, 1981.

Communications from the Governor, Bruce Babbitt, on disapproval of the following bills, were read and filed:

April 20, 1981

The Honorable Leo Corbet
President of the Senate
Senate Wing
Phoenix, AZ 85007

Dear President Corbet:

I am today vetoing Senate Bill 1169 and returning it to the Senate herewith.

Senate Bill 1169 is on its face a salutary attempt to clarify the role of the Department of Public Safety in providing criminal history information to other agencies of the state and federal governments. Unfortunately, however, the bill makes an important change in previous law, which would serve to deny to most agencies of the state critical information about the background of prospective licensees.

Under ARS section 41-1750(G), non-criminal justice agencies of the state may receive criminal history record information from DPS pursuant to authority granted either by statute or executive order. Senate Bill 1169 would limit access to such information by non-criminal justice agencies to situations where release of the criminal history to the agency is specifically authorized by statute. This is too restrictive a standard, especially in the absence of a thorough review by the Legislature of existing statutes, which grant such authority to important regulatory agencies in only a few isolated instances.

Tuesday, April 21, 1981

One-Hundredth Day

The problems the bill would cause are well illustrated by the example of the State Board of Pharmacy. Since those in the pharmacy profession have ready access to narcotics and dangerous drugs, it is critical that the profession be kept free of those with criminal records relating to the abuse or sale of such substances. But, while ARS section 32-1927 allows the Board to revoke the licenses of those convicted of felonies or addicted to the use of drugs, there exists no specific statutory authorization for the DPS to release criminal history information to the Board. For this reason, I issued Executive Order 80-2, authorizing limited access to criminal history record information for licensing purposes by the Board.

Under Senate Bill 1169, the State Board of Pharmacy and myriad other important regulatory boards would be denied access to information necessary to protect the public. Since Senate Bill 1169 is not accompanied by specific grants of legislative authority to those agencies which must have access to criminal history record information, I cannot approve this change in existing law.

Sincerely,

/s/BRUCE BABBITT
Governor

April 20, 1981

The Honorable Leo Corbet
President of the Senate
Senate Wing
Phoenix, AZ 85007

Dear President Corbet:

I am today vetoing Senate Bill 1331 and returning it to the Senate herewith.

According to the most recent statistics compiled by the Secretary of State, the two major political parties each have virtually the same number of registered voters in Arizona. Yet, Senate Bill 1331 would have the effect of allotting to one of the two parties significantly more precinct and state committeemen, based solely on the returns in a particular presidential election. It simply makes no sense to reduce the number of committeemen allocated to a particular political party solely because a number of registered voters exercised their franchises in a presidential election for a candidate who does not share their particular party registration. Indeed, by penalizing the party of voters who do not adhere to the straight party line, Senate Bill 1331 will have the effect of discouraging the Arizona voter from independently casting his vote in a presidential election.

One-Hundredth Day

Senate Bill 1331 is bad electoral policy, and I am therefore vetoing this bill.

Sincerely,

/s/BRUCE BABBITT
Governor

PROTEST

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

One Hundred First Day

I rise to protest the manner in which a major piece of legislation and one affecting a large segment of our population, the elderly, was routed by the leadership in such a way as to circumvent the normal legislative processes in the House. Not only was there no committee action on this bill, which affects far-reaching changes in nursing home regulations, we were not even given the opportunity to debate it on the floor. Thus HB 2081 was virtually unassailable and unamendable by two-thirds of the elected representatives of the public. How are we to explain to our elderly constituents that for some reason legislation that could have a profound effect on them was not considered important enough to merit the full benefit of the legislative process? Our older Arizonans deserve better treatment. Nothing, least of all self-imposed time constraints, justifies this shameful action and I wish to disassociate myself completely from it.

I ask that these remarks be entered in the Journal.

House Bills 2191, 2287, 2384 and 2481, signed April 21, 1981.

House Bills 2097, 2181, 2182, 2188, 2202, 2228, 2377, 2412, 2465, Senate Bills 1085, 1086, 1117, 1185, 1186, 1198, 1211, 1286, 1321, 1323, 1326, 1357, 1378, 1379, 1397 and 1409, signed April 22, 1981.

A communication from the Governor, Bruce Babbitt, on disapproval of the following bill was read and filed:

April 22, 1981

The Honorable Frank Kelley
Speaker of the House
House of Representatives
Phoenix, Arizona 85007

Dear Speaker Kelley:

I am today vetoing House Bill 2457 and returning it to the House herewith.

Under House Bill 2457, whenever a state agency -- any state agency -- suggests the adoption or amendment, or repeal of any rule, it must first determine whether the proposed action is "likely" to result in "any direct additional cost" to any other agency or political subdivision of the State. If such "direct additional costs" -- even in the amount of one penny -- are identified, the adoption, amendment, or repeal is not to become effective "until after the conclusion of the following regular legislative session."

What all this means is that adoption of the most urgently needed administrative rule can routinely be delayed for as much as 15 months. Assume, for example, that the carcinogen aflatoxin is discovered in milk. The Department of Health Services, vigilant to the problem, proposes a rule on the third Monday in January, 1982, which requires school districts to dispose of existing supplies of tainted milk. Since that rule will surely impose additional costs on the school districts, which must now buy other liquids to serve students, its effectiveness will be delayed until the end of the following regular legislative session -- the one beginning in January, 1983. This result is obviously intolerable.

House Bill 2457 purports to avoid this ridiculous situation by allowing emergency adoption of certain rules. This loophole is illusory. First, the bill would delay the effectiveness of even emergency rules for some 30 days after their filing with the Secretary of State. If a true emergency exists, a delay of 30 days can literally be fatal. Moreover, under ARS section 41-1003, emergency rules can remain in effect only 90 days. Once that

Wednesday, April 22, 1981

One Hundred First Day

period expires, the proposed rule, however important, cannot regain effect until the end of the following legislative session.

I do not doubt that there are instances where administrative rules and regulations unnecessarily impose financial burdens upon agencies and political subdivisions of the State. There are a number of workable approaches available to ameliorate this problem. House Bill 2457 is not one of them, and I am therefore vetoing this bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

BUSINESS ON THE SPEAKER'S DESK

Communications from the Governor, Bruce Babbitt, on approval of the following bills, were read and filed:

House Bill 2208 and Senate Bill 1208, signed April 22, 1981

A communication from the Governor, Bruce Babbitt, on the disapproval of the following bill, was read and filed:

April 22, 1981

The Honorable Leo Corbet
President of the Senate
Senate Wing
Phoenix, Arizona 85007

Dear President Corbet:

I am today vetoing Senate Bill 1347 and returning it to the Senate herewith.

Senate Bill 1347 would raise the qualifying income level for unemployment compensation from \$725 to \$1,100 per calendar quarter. This proposed income limit would give Arizona the highest qualifying level for unemployment compensation of any State in the Nation. At the same time, Arizona ranks fourth from the bottom in terms of benefits payable to the qualified unemployed.

I am vetoing this bill because I find most persuasive the position of the Arizona Chamber of Commerce. A spokesman for the Chamber has indicated that his group did not include Senate Bill 1347 in its legislative package because the proposed increase in eligibility requirements was not accompanied by a similar hike in benefits. I share the Chamber's view. If Arizona is to become the most restrictive state in the entire country with respect to

One Hundred Second Day

unemployment compensation eligibility, we should at least review and revise the compensation rates for those workers who do meet the income standard.

Senate Bill 1347 has been recognized by spokesman for labor and business alike as bad legislation. I agree, and am vetoing the bill.

Sincerely,

/s/ Bruce Babbitt
Governor

REPORTS OF SELECT COMMITTEES

The Free Conference Committee on House Bill 2492 reported:

Majority Report:

That the House accept the Senate amendments with exceptions and the bill be further amended.

HOUSE CONFEREES:

Larry Hawke
Betty Rockwell
Thomas N. Goodwin
Polly Rosenbaum
Richard Pacheco

SENATE CONFEREES:

Boyd Tenney
John C. Pritzlaff
Jeffrey J. Hill

Minority Report:

We refuse to concur with the majority because we feel that the changes made in the conference committee will have a substantially negative effect on the delivery of services to the citizens of Arizona. The removal of funding for the Tucson eastside multi-service center and the Phoenix southside multi-service center is not cost effective. Every year the construction of these facilities is delayed increases the cost to the people of this state, and further delay will mean the continuation of the disbursal of fragmented services to the citizens of both our major cities.

A. V. Bill Hardt
Polly Getzwiller

Minority Report:

I refuse to concur with the majority of this committee. This Legislature was the last resort, the final court of appeals, on this issue -- the Rudman issue. All judicial proceedings between New York and Arizona are deadlocked, and, as a result, a mother and her family are faced with two decisions:

- (1) Turn the children over to an alleged sexually abusive father, or
- (2) Be forced to remain in hiding as fugitives from justice.

I question the existence of justice at all in this case. I believe that it is our responsibility as a Legislative body to resolve this miscarriage of justice. The Senate has failed in this respect. Instead of pursuing the language in conference committee to resolve this issue, the threats and prejudices of certain senators prevailed.

The House Judiciary Committee drafted the appropriate language to resolve this problem and the House unanimously supported it; but because of the arrogance of those senators who profess but do not display concern for the health and welfare of children, the attempts to help these three children will be abandoned.

Minority Report:

I refuse to concur in the report of the conference committee on H.B. 2185. The bill as amended by the conference committee would substantially reduce any meaningful role for the state in regulation of hazardous waste, air and water pollution.

The proposal is to turn over this responsibility to the federal government at a time when the federal government is attempting to return the power to regulate back to the states. I believe that we should not surrender our authority to the federal government.

We need to be prepared to protect our citizens from hazardous waste. We are about to build a plant in this state to process such wastes. It is likely that wastes from within and from outside this state will be hauled through our towns and cities and across our farms. It is irresponsible for us to accede to pressure from the Chamber of Commerce on this matter.

The language of the bill is vague to the point of being unworkable. The Department will have no way of measuring "stringency". The Department should have authority to issue regulations on matters not covered by federal regulations, since the State's interests are different from those of the federal government.

I urge the Senate to reject the philosophy of abrogation of power to Washington and defeat this bill.

As so amended, it do not pass.

Art Hamilton

Minority Report:

I refuse to concur with the majority in the conference committee amendments to S.B. 1118. The imposition of legislative oversight upon the Arizona Health Care Cost Containment System that these amendments would require is an unnecessary duplication of effort and expenditure of legislative resources. H.B. 2484 already requires that a joint legislative health care cost containment system committee be established to aid in the formulation of the rules and regulations which will govern the Arizona Health Care Cost Containment System.

I urge the defeat of S.B. 1118.

Tony Gabaldon

Motion by Mr. Kunasek, seconded by Mr. Barr, that the House adopt the Conference Committee report on Senate Bill 1118. Carried.

The decision to remove the \$15 million appropriation for the counties from this bill as a part of the contingency provision makes it impossible for us to support the bill. SUPPLEMENT

On April 25, 1981, the Governor disapproved the following:

Dear Secretary Mofford:

I have today vetoed HB 2484, and the First Regular Session of the 35th Legislature having adjourned, I am herewith filing it in the Office of the Secretary of State.

The sole purpose of HB 2484 is to qualify Arizona for federal funds under Title XIX of the Social Security Act. The proponents of the bill have admitted that it does not achieve that goal. To sign the bill under those circumstances would be a futile gesture; it would perpetuate an illusion, rather than achieve a solution.

My views are more fully set forth in my message to the 35th Legislature of April 25, 1981. Because the people of Arizona deserve a real solution to the indigent health care crisis, I am vetoing this bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

On April 30, 1981, the Governor disapproved the following:

Dear Secretary Mofford:

I have today vetoed Senate Bill 1002, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill with the Office of the Secretary of State herewith.

Senate Bill 1002 places a moratorium on the hiring of new employees for virtually all agencies of state government. The moratorium bill has become one of the annual rites of spring in the Legislature. For most of the session, the various budget committees of the Legislature work diligently over the proposed budgets of state agencies, adding positions where necessary and cutting them when possible. A consensus is arrived at over the final budget, representing a measured legislative decision about how many employees are needed in any particular year in state government. Then, at the very time one would assume that the process has reached its logical conclusion, a bill is adopted preventing state agencies from hiring new personnel to fill the positions the Legislature has just authorized.

This year's version of the moratorium bill seems to recognize this apparent schizophrenia; it exempts from the hiring freeze positions established by the Legislature during the past two regular sessions. But this small concession to reality only serves to highlight the difficulties with the moratorium approach. There is no rational justification for preventing an agency from filling a position simply because the Legislature recognized the need for that position three

years ago, as opposed to last year or the year before. The real issue in each case is whether the employee is performing a function necessary to serve the public, and analysis of that question does not depend on the date of hire.

Every employee of state government holds a position authorized by the Legislature. If a reduction in force is necessary, the responsible course is for the legislative and executive branches to confer and reach a decision about where the public can best stand personnel reductions. Since Senate Bill 1002 instead adopts an approach based upon caprice, I am vetoing the bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

Dear Secretary Mofford:

I have today vetoed House Bill 2143, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

House Bill 2143 is virtually identical to bills I vetoed during 1980 and 1979. As I emphasized in my prior veto messages, I do not object to proper legislative scrutiny of the utilization of federal funds. In both of these veto messages, I outline the problems that made the Legislature's proposed approach to that issue unworkable. Rather than correct those difficulties, the Legislature has seen fit again to serve up the same porridge, in the apparent hope that the lumps will be less bothersome this time around.

Unfortunately, this bill shares all the deficiencies of its predecessors. By delegating legislative authority to the Joint Legislative Budget Committee, the bill presents the same grave problems of unconstitutionality mentioned in my previous veto messages. By subjecting applications for federal aid to a cumbersome review process, the bill would place Arizona at a disadvantage when limited federal funds become available. Since the Reagan administration has made plain its intention to cut back upon the amount of federal grant funds, prompt action may well be necessary to procure Arizona's fair share, action made well nigh impossible by the prospect of extended review of all applications by the Joint Legislative Budget Committee.

Indeed, this year's version of the bill is, if anything, more onerous than its predecessors. Last year's version of the bill did contain a limited escape clause for situations when application for funds had to be made more promptly than the review process would allow. House Bill 2143 contains no such provision. The upshot is that the people of Arizona, whose federal tax dollars contribute to federal grants, would be deprived of access to those funds whenever the deadline for application occurred before the JLBC saw fit to act.

SUPPLEMENT

I repeat what I have said in years past. I am willing to work with the Legislature to devise a workable approach to the issue of legislative scrutiny of federal funds. But since the Legislature this year had simply seen fit to adopt the same old unsatisfactory approach to the problem, I have no alternative but to veto this bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

Dear Secretary Mofford:

I have today vetoed House Bill 2185, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

House Bill 2185 would prohibit the Department of Health Services from adopting rules relating to air pollution, water pollution, and waste disposal which are more "restrictive" than those adopted by the federal government. Even if the obvious difficulties in measuring so ephemeral a standard as "restrictive" are put to one side, the bill represents an unacceptable approach to the proper role of a sovereign state in our federal system.

This bill is premised on the philosophy that States have no role in the regulation of waste disposal or pollution within their borders. It represents, as Senator Arthur J. Hubbard noted in the minority report of the Joint Free Conference Committee, a "philosophy of abrogation of power to Washington." It declares, in plain and simple language, that the State of Arizona does not feel itself capable of administering its own affairs.

I believe, to the contrary, in the federal system of government designed by the Founding Fathers. I believe that if the people of the State of Arizona desire more "restrictive" regulation of air pollution than the bureaucrats in Washington deem wise, our State should have the ability to serve its citizens' wishes. I believe not simply in paying lip service to states' rights, but to eliminating those statutory and regulatory provisions which tend to make state governments little more than branch offices of the Environmental Protection Agency.

I am vetoing this bill because I believe that we are wise enough to regulate ourselves.

Sincerely,

/s/ BRUCE BABBITT
Governor

Dear Secretary Mofford:

I have today vetoed House Bill 2209, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

House Bill 2209 requires each and every state agency, including the Department of Public Safety and the three State universities, to reduce the number of its supervisory employee positions by at least 2% by June 30, 1982. Ironically, the same Legislature which adopted this bill has recently adopted budgets calling for large personnel increases in a number of State agencies; indeed, many of the additional personnel expressly authorized by the Legislature are supervisors. How these apparently inconsistent actions by the Legislature can be reconciled is a question which requires more wisdom than I can muster to answer.

The chief vice of House Bill 2209 is its meat-ax, across-the-board approach. It requires a 2% reduction of supervisors in all agencies, whatever their recent history or the public demand for their services. In a time when crime is a critical public concern, I do not believe that we can responsibly cut the number of supervisory personnel in the Department of Public Safety. In a time when administration of our recently adopted groundwater code must begin, I do not believe we can responsibly deprive the Department of Water Resources of experienced water experts. Yet, such results are precisely what this bill demands. While cutbacks in supervisory personnel may indeed be justified in some instances, this bill does not permit an agency-by-agency analysis; indeed, it mandates that no such analysis can be made.

Moreover, the bill is premised on a classification code system devised by the Equal Employment Opportunity Commission and currently utilized by the Personnel Division of the Department of Administration. This system, however, is not used by either the Law Enforcement Merit System Council or the Arizona Board of Regents. Both of these agencies would be required, under this bill, first to classify all of their personnel according to the Personnel Division system, and then to eliminate 2% of those classified as supervisors. Any monetary savings generated by the reduction would likely be eaten up by the costly and wholly unnecessary classification process.

This bill is so incapable of responsible implementation that it could only have been passed in the expectation of veto. While it is tempting on occasion to require the Legislature to live with the fruits of its endeavors, my responsibility to faithfully execute the laws of this state leaves me with no alternative but to satisfy that expectation.

Sincerely,

/s/ BRUCE BABBITT
Governor

SUPPLEMENT

Dear Secretary Mofford:

I have today vetoed House Bill 2471, and the First Regular Session of the 35th Legislature having adjourned, I am herewith filing it in the Office of the Secretary of State.

Both the Real Estate Commissioner and the Land Commissioner have advised me that the redefinition of permanent access in House Bill 2471 could place purchasers of subdivision lots in the position of having clouded, revokable or unenforceable access. I am therefore vetoing the bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

On May 1, 1981, the Governor disapproved the following:

Dear Secretary Mofford:

I have today vetoed House Bill 2238, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

House Bill 2238 prohibits municipal governments from including provisions in cable television licensing contracts requiring the licensee to sell its equipment and property back to the municipality under specified terms and conditions. One might well question the wisdom of such contractual provisions, but I do not believe that the State should be in the business of dictating to local governments what provisions should and should not be included in solely local contracts. The general rule of the free enterprise system is that competent parties should be able to reach mutually satisfactory contractual arrangements after arms-length bargaining. I see no reason for the State to intrude into the bargaining process between prospective licensees and local governments, and I am therefore vetoing this bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

Dear Secretary Mofford:

I have today vetoed House Bill 2378, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

House Bill 2378 would require state agencies to submit all disputes over public work contracts to binding arbitration if the amount in controversy is less than \$100,000. While arbitration is a useful tool in the resolution of contract disputes, I do not think it wise to

impose requirements on state government which differ from normal commercial practice in the private sector. In the private sector, contracting parties are able to bargain over the inclusion of arbitration clauses in construction contracts, and I do not believe that state government should be deprived of this freedom. If we are to achieve our goal of running state government on a businesslike basis, we should not be denied the tools already available to business.

Sincerely,

/s/ BRUCE BABBITT
Governor

On May 4, 1981, the Governor disapproved the following:

Dear Secretary Mofford:

I have today vetoed Senate Bill 1320, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

Senate Bill 1320 would make it a felony for any state officer or employee to divulge or make known "in any manner any information obtained by or in the possession of the Auditor General prior to its public release by the Auditor General." This provision was apparently prompted by allegations that lawmakers and other state officials have divulged preliminary drafts of performance audits by the Auditor General.

Unfortunately, the cure suggested by Senate Bill 1320 is worse than the disease. One of the reasons that the Auditor General prepares preliminary drafts of performance audits is to allow the agency involved to respond and correct any mistaken information. The only way that an agency head confronted with a preliminary draft can do this is to discuss the matter with other people in state government. If he does so under Senate Bill 1320, he risks going to jail.

Senate Bill 1320 replaces one problem with another. I am therefore vetoing the bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

On May 7, 1981, the Governor disapproved the following:

Dear Secretary Mofford:

I have today vetoed House Bill 2342, and the First Regular Session of the 35th Legislature having adjourned, am filing the bill in the Office of the Secretary of State herewith.

SUPPLEMENT

House Bill 2342 deals with licensure of child day care centers. For the most part, its provisions are salutary, and Representative Kunasek, its prime sponsor, deserves credit for his efforts in addressing the issue. However, because one provision of the bill raises serious financial problems, I cannot allow the bill to become law.

The bill prohibits the Department of Economic Security from expending any federal funds, whether from Title XX or other sources, for the payment of day care services. This provision was apparently prompted by concerns over the onerous Federal Interagency Day Care Regulation (FIDCR) suggested by the United States Department of Health and Human Resources. However, the new administration has indicated that it does not intend to implement these rules. With the danger gone and the Reagan administration sensitive to states' rights, I can see no reason for refusing to accept federal aid to meet Arizona's day care expenses; that aid totalled approximately \$4.5 million last year. This is money which we would have to replace from other sources, and in a time of budgetary constraints, I cannot justify placing this added burden on Arizona taxpayers.

In order that the beneficial provisions of this bill not be lost, I have asked the Director of the Department of Economic Security to implement the test voucher system suggested by the legislation. The Director has promised to do so effective July 1, 1982, and will report the result of the test to the Legislature by January 1, 1983. In addition, I have asked the Directors of the Department of Health Services and the Department of Economic Security to coordinate their monitoring and licensing visits to day care centers to avoid any unnecessary duplication and inconvenience to center operators. As a step in that direction, the Department of Economic Security will reduce its routine monitoring visits from four to two per year.

In addition, I am concerned about complaints from day care operators that the current legislative scheme involves duplicative oversight by the Departments of Health Services and Economic Security. I have therefore asked the Directors of the two Departments, after appropriate input from the private sector, to explore methods by which the licensing and monitoring process can be simplified. I am confident that progress can be made in the absence of formal legislation.

I believe that the administrative actions I have taken will preserve what was good in this bill. However, since the federal funds provision of this bill would work mischief if enacted into law, I have no alternative but to veto the bill.

Sincerely,

/s/ BRUCE BABBITT
Governor

On May 7, 1981, the Governor submitted the following:

Dear Secretary Mofford:

I am enclosing House Bill 2081 without my signature. Pursuant to the Constitution, it will become law ten days after the adjournment of the First Regular Session of the 35th Legislature.

House Bill 2081 contains a number of beneficial features. It allows the Department of Health Services, for the first time, to engage in an aggressive program in consumer information and advocacy, designed to apprise consumers of the quality and effectiveness of various nursing care facilities. It initiates a family assistance program providing for the development of respite care and other community activities to support the care of the elderly in the family setting. It authorizes a foster care home program, again with the aim of encouraging non-institutional settings for the care of the elderly. And, it provides tax incentives for the home care of the elderly.

If the bill stopped there, I would sign it enthusiastically. However, the bill also changes a number of prescriptive regulations dealing with food service, social programs, and physical activities in nursing homes. Many with first-hand experience in nursing homes fear that these changes in current law will lead to a lowering of standards in this important area of care.

If I were convinced that House Bill 2081 weakened the State's ability to provide quality care for the elderly, I would veto it. But, I believe that the Department of Health Services, through the development of strong programmatic regulations and a vigilant policy of monitoring, can insure that nursing homes do not reduce the quality of diet, social services, and physical activities. I have instructed Dr. James Sarn, Director of the Department of Health Services, to begin immediately the development of appropriate regulations toward this end. And, I have also instructed Dr. Sarn to immediately undertake a vigorous program in consumer education and advocacy, designed to make the public aware of the true costs and benefits in a nursing care decision.

If the fears of those concerned over the bill's controversial provisions should prove at all founded, I will ask the Legislature next year to reenact the previous statutory requirements. In the meantime, despite my misgivings, I am willing to give this piece of legislation a chance to work, relying upon the Department of Health Services to prevent any abuses.

I am committed to improve the level of care for Arizona's elderly at a reasonable cost. The current statutory system has not

SUPPLEMENT

achieved that end. My administration will enforce the provisions of House Bill 2081 in a way that is calculated to achieve that end.

Sincerely,

/s/ BRUCE BABBITT
Governor

Dear Secretary Mofford:

I am enclosing House Bill 2148 without my signature. Pursuant to the Constitution, it will become law ten days after the adjournment of the First Regular Session of the 35th Legislature.

I am allowing House Bill 2148 to become law because I fully agree with its underlying premise -- government should not routinely compete with private enterprise in the provision of goods and services to the public. In pronouncing an official state policy to that end, House Bill 2148 serves an important public purpose.

I am concerned, however, by a number of ambiguous areas in the bill. As passed by the Senate, House Bill 2148 was a carefully crafted piece of legislation, designed to meet the legitimate objectives of both those in the private sector and those who must continue to provide essential public services. However, the Joint Free Conference Committee, at the request of certain lobbyists, added provisions to the bill which place in serious jeopardy the continued existence of such essential services as skill centers and manpower development. Had such amendments been offered in the regular committee process, I am confident that normal legislative scrutiny would have identified their weaknesses and lead to their defeat. In the rush of the close of business, the objectionable aspects of these amendments were apparently not seen by the Legislature, and they were unfortunately adopted.

If the bill took immediate effect, I would have no alternative but to veto it. However, the most important provisions of the bill do not take effect until June 30, 1982. This will allow the Legislature ample time to correct the bill's deficiencies. I have been assured by both legislative leadership and the private sector sponsors of this legislation that appropriate changes in the bill will be enacted. Since I believe that the Legislature will act to correct these deficiencies, I am allowing this bill to become law.

Sincerely,

/s/ BRUCE BABBITT
Governor

OF LEGISLATIVE BILLS

The Arizona House of Representatives acting through its Speaker Frank Kelley will receive proposals for the printing of the House legislative bills for the First Regular Session and for any additional special sessions in the year 1981 at the Office of the Chief Clerk, Room 111, House Wing, State Capitol, Phoenix, Arizona 85007, until 12:00 noon, Tuesday, December 16, 1980.

Samples of bills are on file in the Office of the Chief Clerk, where they may be inspected by prospective bidders during any week day, except Saturday, between the hours of 8:00 a.m. and 5:00 p.m. All bids will be plainly marked as to the date and hour received.

The awarding of the bid will not be based on price alone but will take into consideration other factors including but not limited to past performances on previous printing contracts, printing facilities and the House's opinion of the ability of each bidder to fulfill requirements. The House reserves the right to reject any or all bids. Furthermore, the House may in its own discretion print any bills with its own equipment when so determined.

The bid submitted for bills must be accompanied by a certified check in the sum of two hundred fifty dollars payable to the order of the Speaker of the House. The check of any unsuccessful bidder will be immediately returned. The check of the successful bidder will be returned if, within forty-eight hours after acceptance of the bid, the bidder enters into a contract with the Arizona House of Representatives and files a satisfactory surety bond, running to the Arizona House of Representatives, in the sum of two thousand dollars, conditioned upon the faithful performance of the contract. If, after acceptance, the bidder fails to enter into a contract with the House, the check shall be deemed to be forfeited to the Arizona House of Representatives.

Bill specifications are as follows:

Minority Report:

This legislation, unfortunately, has almost nothing to recommend it to those of us who want a fair and balanced revenue program for the improvement of our road system.

The 300% increase in the gas tax, a tax that will fall directly upon the consumer, is perhaps the worst aspect of the legislation. And it becomes shameless, in view of the fact that two of the biggest private interests whose economic vitality are tied closely to a good road system, are let off the hook. There is no franchise tax, which would have required the oil companies to share in the cost. And there is no parity for the heavy trucks, those who do the most damage. They will pay even less per ton-mile travelled, than the ordinary motorist.

The mass transit provision is a sham. It will consume \$190 million over 10 years but the state is making no requirement that it be used to assist mass transit -- a clear lack of purpose and accountability.

Finally, the depletion of the general fund in the amount of about \$800 million is short-sighted. It provides an immediate gratification for new funds, but does so by jeopardizing needed health, and educational programs in the future.

Referred to Committees on Rules, Government Operations. (Prefiled 11/30/81)

PROTESTS

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protests were entered:

Mr. Speaker:

I protest the consideration of the proposed redistricting plan as presented by the Select Committee on Reapportionment and as presented in public hearing in the House of Representatives yesterday.

The proposed plan seriously dilutes the combined voting power of the San Carlos Apache Tribe and serves by this dilution to set back the strides made by the Tribe in educating their people about the power of the ballot substantially, if not in total.

This has been done in the proposed plan by splitting this reservation among Legislative Districts 4, 7 and 8. Further, since 1970, redistricting efforts by the Legislature reveals a consistent pattern and deliberate reduction of the minority voting strength of legislative districts represented by minority legislators in the southern, eastern and northern areas of this state.

Tuesday, December 1, 1981

First Day

The proposed plan if approved as presented in hearings prior to this date, perpetuates these very same shortcomings and may be in violation of the equal protection clause of the Fourteenth Amendment of the United States Constitution. I urge this body to carefully review the proposed plan before final approval.

Therefore, Mr. Speaker, I respectfully object and vehemently protest the passage of the proposed plan in its present form.

EDWARD G. (BUNCH) GUERRERO

I ask that these remarks be entered in the Journal.

Mr. Speaker:

I have several objections to be noted in the Journal. I object to the lack of time to digest the various legislative proposals which were distributed a few hours ago. I object to the gerrymandering of my district. I view the proposed District 3 as being not compact, not contiguous and not within the standard deviation. By excluding the Hopi Reservation and a fair portion of the Navajo Reservation as depicted in H.B. 2001, you have disjointed the common community interest of the Navajo and Hopi constituency. The Navajo and Hopi Reservations should be treated as one compact, contiguous district.

With respect to the congressional districts, I submit that there is a strong intentional desire to split the Navajo voting bloc. The division between Congressional Districts 3 and 4 along the Navajo County line violates the Voting Rights Act by diluting minority voting power. The 4th Congressional District should encompass the entire Navajo and Hopi Reservations in order to preserve compactness, contiguity and assuring minority participation and representation.

BENJAMIN HANLEY

I would like these remarks entered in the Journal.

Motion by Mr. Barr, seconded by Mr. Sossaman, that the House stand at recess until 1:40 p.m. Carried at 11:28 a.m.

At 1:40 p.m. the House resumed session, Speaker Kelley presiding.

PROTEST

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

Mr. Speaker:

I am concerned about the lack of consideration of community interests in this 1981 reapportionment proposal. Specifically, this concern is for treatment of the City of Glendale.

First Day

The plan presented in House Bill 2001, cuts Glendale into 5 legislative districts. Presently, Glendale has a population of 96,988. Public officials from Glendale have notified us of their desire for a legislative district that would contain at least the majority of their residents. In the hearing held yesterday, representatives from Glendale again pointed out their concerns about the lack of direct legislative representation, and pointed out that the proposed map would directly dilute specific areas within their boundaries.

As things now stand, people from Glendale can go directly to City Hall to resolve complaints. When it comes to legislative problems, however, they will have to determine which of 10 House members and 5 Senate members they are represented by. This act will cause confusion and work a disservice on the residents of Glendale.

PROTEST

In accordance with Article IV, Part 2, Section 16, Constitution of Arizona, and House Rule 20, the following protest was entered:

First Day

Mr. Speaker, Members of the House, I rise to protest our consideration of House Bills 2001 and 2002.

We, the Democrats of this House, were given copies of the legislation at 5 p.m. on Monday, November 30, 1981. While the Joint Select Committee has been working on this legislation for a considerable period of time, the actual plan and maps were not submitted to us until 10 days ago. Yesterday, a public hearing on the proposed legislation was held without the legislation having been presented or available for public scrutiny. Today, the legislation leaves the House and moves on to the Senate.

I believe these actions provide an inappropriately short period of time for the Democratic Legislators to consider it and absolutely no time for public consideration or a real opportunity for public input.

I therefore protest these matters in the strongest possible terms as being an affront to the ideas of open government and legitimate public participation in this process.

BUSINESS ON THE SPEAKER'S DESK

Communications from the Governor, Bruce Babbitt, on disapproval of the following bills were read and filed:

December 5, 1981

The Honorable Frank Kelley
Speaker of the House
House of Representatives
State Capitol
Phoenix, Arizona 85007

Dear Mr. Speaker:

I am today vetoing House Bill 2001, 7th Special Session, 35th Legislature, and am returning it to the House of Representatives herewith.

Monday, December 7, 1981

Seventh Day

House Bill 2001 is designed to establish the legislative districts from which state senators and representatives will be elected over the next ten years. As such, it would establish the basic structure of state government for a decade. By any standard House Bill 2001 is one of the most important bills to be presented to me during my term as Governor. That this legislation should have passed on the same day that it was introduced is more of a tribute to the parliamentary skill of the leaders of the majority party than to their sense of fairness. In large part the problems in the Bill that compel me to veto it are the result of the partisan failure of the majority party to conduct the redistricting process in a fair and open manner.

There was a time when state legislatures could draw election district lines in any way they so chose. Beginning with a series of decisions of the United States Supreme Court in the mid-1960's and the Voting Rights Act of 1965 it has been made clear that such lines cannot be drawn for the singular benefit of incumbents of the majority party or with the intent or effect of discriminating against particular racial or ethnic groups or discrete communities of interest. Unfortunately, the lines drawn by House Bill 2001 are in complete violation of the principles established by the United States Supreme Court and Congress in the Voting Rights Act of 1965.

House Bill 2001 clearly dilutes racial and ethnic minority interests in an unconstitutional and unlawful manner. One need only look at the splitting of the San Carlos Apache Reservation into Legislative Districts 4 and 8 for confirmation of this. Similar disregard for ethnic voting interests is found in Districts 9 and 11, which have substantially and illegally diluted Hispanic voting strength existing in the pre-existing districts. Regardless of the Legislature's intent, the effect of all this is that it will be extremely difficult for Hispanic interests to be adequately represented or even heard in the State Legislature over the next ten years.

The Legislature's attempt to split cities that by themselves have sufficient population to make up a legislative district presents similar problems under the United States Constitution and the Voting Rights Act of 1965. Again, by way of example, the placement of the City of Glendale into five legislative districts. Sun City into three legislative districts and Sierra Vista into two legislative districts not only fails to make sense as a matter of good government but more importantly violates the imperatives of the United States Constitution and the Voting Rights Act of 1965. What was done to these cities was also done to the counties; in creating these new districts, the Legislature has systematically ignored county lines and the communities of interest therein.

Upon taking office as Governor, I took an oath to "support the Constitution of the United States and the Constitution and laws of the State of Arizona" and to "bear true faith and allegiance to the same." In order to be true to that oath I must veto House Bill 2001. I do so with the hope that in the future the Legislature will undertake the redistricting process in the open, considering all

proposals with due deliberation and thereby achieving a fair, just and constitutional result.

Sincerely,

/s/ BRUCE BABBITT
Governor

December 5, 1981

The Honorable Frank Kelley
Speaker of the House
House of Representatives
State Capitol
Phoenix, Arizona 85007

Dear Mr. Speaker:

I am today vetoing House Bill 2002, 7th Special Session, 35th Legislature, and am returning it to the House of Representatives herewith.

The reasons that I have set out in my veto message of House Bill 2001 apply with equal force to my veto of House Bill 2002, a bill which is designed to apportion the population of Arizona into five congressional districts. Since the same legislative methods were used in the passage of House Bill 2002 as in House Bill 2001, it is hardly surprising that the two measures suffer from the same constitutional and statutory defects.

Like its companion bill, House Bill 2002 results in the dilution of racial and ethnic and minority interests in an unconstitutional and unlawful manner. The division of the Navajo Reservation into Congressional Districts 3 and 4 and the similar division of the San Carlos Apache Reservation into Congressional Districts 4 and 5 are thinly veiled attempts at making sure that the voters on these reservations cannot be effectively heard. Similarly, the bifurcation of Tucson which, together with the remainder of Pima County and a small number of persons from neighboring communities could have formed one congressional district, is a textbook example of legislative dismemberment.

The clear purpose of bifurcating Tucson is to gain unfair and illegal partisan political advantage. The intended victim is a Congressman of a different political party than those responsible for the passage of the Bill. Unfortunately, if this reapportionment plan is allowed to stand, the real victim may well be the State of Arizona, which may lose a Congressman whose considerable energy and skill have been consistently devoted to securing for the State its just entitlement of water.

As with House Bill 2001, I cannot in good conscience and consistent with my oath of office sign House Bill 2002. Again, I urge the Legislature to review its work in the open, taking into

Monday, December 7, 1981

consideration the interests of all the citizens of the State, not just the partisan concerns of a few. I am prepared here, as I am prepared in the case of the establishment of the legislative districts, to use my good offices to assist in the drawing of lines that are constitutional, legal and designed to serve the people of Arizona well in the coming decade.

Sincerely,

/s/ BRUCE BABBITT
Governor
