On behalf of the County Council of Dorchester County, Maryland and the Dorchester County, Maryland Department of Emergency Services I want to take a moment and express my deepest condolences regarding the loss of your staff in this tragic event. It is moments like this that attention from the public sends overwhelming support regarding a risk that each and every one of your staff takes every day. As a former Hot-Shot and Engine Crew team member, I personally understand the sacrifice and dedication each one of your team members made, as well as the risk they accepted.

The County of Dorchester Maryland wish you peace and comfort during this tragic time to your staff, administration, families, and the community and want you to know that the Eastern Shore of Maryland is keeping you in our thoughts and prayers.

Sincerely with deepest sympathy,

**Jeremy Goldman MS, NREMT-P
Director
Dorchester County Emergency Services**
