

We would like to thank all the fire fighters who have worked so hard to save lives and homes in this area. We live off Williamson Valley and realize what a great job they did. What we could see from our home looked pretty ominous although we didn't feel particularly threatened. However, quite a few neighbors did some packing.

Please share this money with the families of the Granite Mountain Hotshots who gave their lives trying to help the Yarnell community. This is such a small token in comparison to what these brave men gave, but is given with the upmost respect and appreciation for them.

God bless them, their families, and all of you for what you do each and every day!

Sincerely,

Bill Mills Paugh
