

**Prescott Fire Department
Prescott, Arizona**

Dear Sirs:

I am so sorry for your loss but this letter is really addressed to the lone survivor. Here in Truth or Consequences, New Mexico, we were hit with a sudden blasting wind and rain storm that toppled trailers. No one saw it coming. A few days ago, Santa Rosa was hit with a foot of hail; that's right, one foot deep, coming out of nowhere. You and your buddies were hit with a similar natural event. There is nothing you nor anyone else could do.

God grant you peace.
