Prescott Fire Department,

From all of us at the Dalton Police Department, we would like to send our deepest sympathies to you and your families for the loss of the 19 Granite Mountain Hotshots on 30 June 2013. It is never easy to hear of this kind of tragedy regardless if we are part of the "blue" or "red". We all have the same common goal, to protect the public. Please accept our donation to assist the families and your department.
