Family and Friends of the Granite Mountain Hotshots:

On 26 July 2013 this United States of America Flag was flown over the City of Beckley, WV and the National Boy Scout Jamboree Grounds at approximately 10:29 aboard Health Net 5 in memory of the Granite Mountain Hotshots.

A flag flyover aboard an aircraft is a longstanding military tradition. Aircraft which are deployed overseas fly flags during their missions and the crew members aboard the flight will send them to family, friends and other American's who understand the power and significance of a flag being flown in a warzone. Although we are not in a warzone, we thought that this event would be a fitting tribute to the Granite Mountain Hotshots.

The Health Net family would like to extend our condolences. Our thoughts and prayers have been with you through these trying times. If there is anything that we can do to help, please feel free to contact us.

Sincerely,

A handwritten signature in black ink that reads "Kay Eliason".
