

To the Wives of the Prescott Fire Department

This package comes to you from the Fire Wife Sisterhood, a community of fire wives at FirefighterWife.com.

We asked for our Fire Wife Community to share their personal thoughts and prayers with you all in our private wives group to be included with this package. Please know that each of these wives and our Fire Wife Sisterhood have had you in the forefront of their minds through all of this. Your demonstration of strength has been such an inspiration. While we never wish for anyone to have to experience the loss of a spouse, we are all aware that it could happen at any moment for any of us fire wives and pray that we can handle it with the grace and strength we have observed in each of you. And we pray that we can be a support for you all in whatever way possible. Please let us know how we can help.

We hope that these bracelets, worn by fire wives all over the country, are a reminder of your strength and hope and faith as you move forward with your families.

Sincerely with love from your sisterhood,

The Fire Wife Sisterhood
