To Whom It May Concern:

Please accept these *Caring Coins* as tangible reminders that people care about you as you go through this most difficult time. Our thoughts and prayers are with the families and friends of the brave firefighters who tragically lost their lives and the people of your community who have lost much.

You Are Never Alone Foundation is a Vermont grassroots 501(c) (3) non-profit, non-denominational volunteer organization that values each person with a message of *caring, connection and hope*. Our Vermont crafted wooden *Caring Coins* are tangible reminders of a caring connection and the hope that comes with each caring connection we make. The *Caring Coins* started with a dream over 12 years ago. To date over 100,000 *Caring Coins* have been shared here and around the world with our troops, their families, veterans, wounded warriors, children and youth in schools, camps and Boys and Girls Clubs, survivors of disasters such as hurricanes Katrina, Irene and Sandy, the families of Sandy Hook and others around the world facing life challenges. Many are reminders of caring from one person to another.

Once again, you continue to be in our thoughts and prayers. Please contact me if you would want more *Caring Coins* to share.

Sincerely,

Salley Gibney, Founder
