So sorry.
Love & prayers from
Oklahoma. Kerrie

When we love someone,
they become an indelible force
in our lives,
even after they're gone.
We remember the way
they told a joke, wore their hair,
and walked into a room.
The littlest things will trigger memories
of the sound of their voice, their scent,
the times we spent with them.
We recall how they dealt with
hard situations
when we are faced with the same things.
We think about them for no reason at all:
what would they say right now?
We will always wonder: are they
watching over us?
Do they know how much we miss them?

Even though we'll never see
loved ones who've passed on
walk through the front door again,
I hope you can find peace
with the knowledge that
you'll always have
a part of them with you.
When we love someone,
their spirit lives forever in our hearts.
