Dearest Prescott  
Fire Department +  
families + friends

Holding you close  
in thought and heart -  
wishing for a way  
to ease your pain.

With Deepest Sympathy  
Although we are miles apart  
today, we are all family...  
we are all connected. I send  
you my heartfelt prayers  
at the loss of 19 heroes...  
your family, your comrades,  
your brothers. In America  
we love & honor our first  
responders - they hold a most  
special place in our hearts,  
for we know you put your  
lives on the line for everyday

people like me, each & every  
day. No words could ever  
express my sorrow at such  
tragedy. Here, where I live  
(Newbury Park / Thousand Oaks, CA)  
we had a recent wildfire in  
our community. We love all  
our first responders here  
(firefighters, law enforcement  
(Red Cross) but fortunately  
we did not lose anyone, let  
alone 19 of your own. So I  
send you this card so you  
will

Somehow you that we  
are divided only by borders  
& not by our humanity and  
compassion. Our hearts are  
heavy here tonight and I know  
I will keep you close in heart.

To each of you & all your families,  
please accept this little card  
in honor

& remem-  
brance of  
all who gave  
their lives  
to keep  
of us safe. \$2.00
