Fire Chief Dan Fraijo
City of Prescott Fire Department
1700 Iron Springs Road
Prescott, AZ 86305

Chief Fraijo,

I just wanted to let you know that our fire department is still thinking about your fire department. I know a month has passed, the media is gone, and most other agency support has left your department. Although we are not physically there, our concern for the well being of your department and its members is still very much part of our daily awareness.

To honor your members, our agency placed a billboard on the side of our fire station on the 30 day anniversary of the tragic event. This idea was created and installed by our firefighters; some of whom recently worked with your hotshots. This billboard is seen by thousands of people every day, since our firehouse is immediately adjacent to Interstate 10 in southeast Tucson.

Just letting you know we are thinking about you and your members will never be forgotten.

Sincerely,

A handwritten signature in black ink, appearing to read "Jayme Kahle", with a long horizontal flourish extending to the right.

Jayme Kahle
