To: The Granite Mountain Hotshots and the Prescott Fire Department

From: Captain Bill Fullerton, West Point Fire Protection District

Date: 7/3/2013

On behalf of the West Point Fire Protection District I would like to express our deepest condolences to our brothers and sisters in the Prescott Fire Department for your unbearable loss. The fire service family is not divided by jurisdictions or borders for we are all one family. Firefighters throughout the world are mourning your loss with every fiber of their being. Although we do not fully understand the pain your family is going through we hope that the letters contained within this package will allow the families to know just how much the fire service family is thinking of each and every one of them.

Our family is also small, in fact we have 21 brothers and sisters on our roster and we could not imagine the insurmountable loss you have taken. Your brave brothers and sisters have answered their last call and have given the ultimate sacrifice, but they will never be forgotten. We only hope that time will partially heal your wounds and that generations of firefighters will remember the Granite Mountain Hotshots as heroes, who gave the ultimate sacrifice for the greatest job in the world.

Sincerely,

Your Brothers and Sisters of the West Point Fire District
