7/12/2013

Dear Prescott Fire Department:

There are no words that can express the sorrow we felt when we heard of the loss of the Granite Mountain Hotshots. We were very stunned to hear this news and still can't believe that it really happened. As they say, "the ones who are adored the most by God are the ones who achieve eternal life". Cherish all the happy memories these wonderful young men achieved during their lifetimes.

During these difficult times, our thoughts and prayers are with you, the Families of the fallen Granite Mountain Hotshot's, their co-workers and their many friends. Please give a huge embrace from our Forest Service family to your Prescott Fire Department Family. We will continue to pray each day for you and our fallen brothers.

Please accept our sincere condolences.

Sincerely,

Magdalena Ranger District Brother's and Sister's
