GAME ANIMALS - DEFINITION OF

The following definitions of game animals, including amphibians, game birds and fish shall apply:

Game animals are: deer, elk, bear, antelope, mountain sheep, bison (buffalo), peccary or javelina, tree squirrel and cottontail rabbits.

Big game are: wild turkey, deer, elk, antelope, mountain sheep, bison (buffalo), peccary or javelina.

In addition to being classified as a game animal under this act, bison (buffalo) are also hereby defined as being a neat animal.

Small game are game birds of all kinds, except wild turkeys, and all game animals not listed as big game.

Fur bearing animals are: muskrats, raccoons, coati-mundi, oppossums, otters, mink, beaver, badgers and ringtail cats.

Predatory animals are: foxes, skunks, mountain lions, coyotes, wolves, jaguars, weasels, bobcats, ocelots, porcupines and feral house cats.

Silver, silver-black and cross foxes in captivity are to be considered domestic animals and protected by applicable statutes.

Silver, silver-black, black and cross foxes, which of their nature in the absence of efforts for their domestication, were known as wild, whenever the same shall have been brought into or born in restraint or captivity upon any farm or ranch for the purpose of cultivating or pelting their furs, together with their offspring and increase, are in and shall be considered and classified as domestic animals for the purpose of and within the meaning of any statute or law regulating generally to domestic animals, other than dogs or cats or other pets.

Continued-

Non-game animals are all wild animals except game animals, fur-bearing animals, and predatory animals.

Upland game birds are: quail, partridge, grouse, pheasants and chukars.

Migratory game birds are: waterfowl, including brandt, wild geese and swans; cranes, including little brown and sand hill whooping cranes; rails, including coots, gallinules, sora and other rails; shore birds, including avocets; curlews, dowitchers, godwits, knots, oyster catchers, phalaropes, plovers, sand-pipers, snipe, stilts, surf birds, turnstones, willetts woodcock and yellow legs; and pigeons, including doves and wild pigeons.

Non-game birds are all birds except upland game birds and migratory game birds.

Game fish are trout of all species, including charrs, grayling, small and large mouth black bass, and channel (forked tail) catfish.

Non-game fish are all the species of fish except game fish.

GAME AND FISH FARM REGULATIONS

Any person engaged in the raising and/or selling and/or importing and any person who harbors in this state domesticated game birds, fish,amphibians or mammals, excepting those persons who sell live bait under a minnow dealer's permit, must within thirty days after the acquisition thereof, procure a game breeder's license, except as provided under section 57-140 for scientific or exhibition purposes.

The Director may issue a breeder's license upon payment of the fee of fifteen ($15.00) dollars.

Licenses issued under the provisions of this Order are valid for a term of one year from July 1 to June 30, inclusive, and entitle the licensee to raise, sell and transport game birds, fish, amphibians or mammals under terms of this Order and the Arizona game and fish laws. Breeder's licenses must be conspicuously displayed on the property where the game birds, fish amphibians or mammals are propagated.

No domesticated game shall be transported or sold dead unless each quarter and the carcass of each bird, fish, amphibian or small mammal is stamped with a vegetable dye, the type, design and size to be supplied and approved by the Commission. The stamp for this purpose shall be furnished to each game ranger by the Commission and to such other persons as selected by the Commission.

Only domesticated game birds, fish, amphibians or mammals as defined in this order are subject to sale in this state. All domesticated game birds, fish, amphibians or mammals sold under the provisions of this Order must be killed otherwise than by shooting.

On or before June 30 each year, every person to whom a breeder's license has been issued shall report to the Commission on a form provided by the Commission the total number of each species of game birds, fish, amphibians or mammals, killed, sold or shipped during the license year, the names of the

Continued-

persons to whom such game birds, fish, amphibians or mammals were sold or shipped, the names of the persons in whose presence such game birds, fish, amphibians or mammals held in his possession at the time the report is made. Such report shall be verified by the affidavit of the licensee. Every licensee under this Order shall make written report to the Commission, on a form supplied or approved by the Commission, of every sale, gift or exchange of any game birds or the eggs thereof, and of every game fish, amphibian or mammal, within 30 days of any such sale, gift or exchange. Such report shall contain a statement of the number and species of the game bird, or eggs or fish or amphibian or mammal so sold, given or exchanged and the name of the person to whom sold, given or exchanged, and the date thereof and shall be signed by the licensee.

Common carriers may transport at any time the carcasses or parts thereof of domesticated game birds, fish, amphibians or mammals stamped as provided in this Order. A tag or label shall be affixed to every package containing such carcass or part thereof, giving the names of the person to whom such license was issued, of the person by whom such game was killed, of the person to whom such game is consigned and of the person by whom such game was tagged; the number of carcasses or portions thereof contained in the package; and stating that the game birds, fish, amphibians or mammals were killed and tagged in accordance with the provisions of the Arizona Game and Fish Commission and of this Order.

Carriers for hire may carry within the state line domesticated game birds, fish, amphibians or mammals only upon such terms and conditions as the Commission may prescribe.

No person shall sell the carcass of any domesticated game bird, fish, amphibian or mammal except as provided in this Order, without first obtaining a license from the Commission. The Commission may issue such licenses upon such terms and conditions as it may prescribe, and may at any time revoke the same for sufficient cause.

No person shall sell the carcass or any portion thereof of any game bird, fish, amphibian or mammal which shall not at the time have such carcasses stamped as provided in this Order.

The carcass of a game bird, amphibian or mammal which shows that it has been killed by shooting shall constitute prima facie evidence that it cannot be

Continued-

classified as domesticated. The fact that such carcass had been stamped in accordance with this Order shall not alter this presumption.

A retail meat dealer may sell the carcasses or portions thereof of any such domesticated game birds, fish, amphibians or mammals to a customer for actual consumption and not for resale and no license shall be required therefor. Such retail dealers shall submit their premises to inspection by the Commission and shall display at any such authorized inspection any carcass or part thereof held by them in storage. Such game meat or carcasses shall be stamped as provided by this Order.

Any license issued under the provisions of this Order may be revoked by the Commission upon conviction of the licensee for a violation of any provision of the Arizona game and fish laws or rightful Orders of the Commission. The provisions as contained herein shall govern the operations of game breeders and it is so ordered.

FISHING REGULATIONS

LICENSE REQUIRED

A valid fishing license is required for all fishing, except that it shall be lawful for a blind resident, or a resident or non-resident of the state under the age of 14 years to fish during the open season without a license. Any person in possession of trout must have a valid trout license. Any person in possession of any other species of fish must have a valid warm water license.

A valid Nevada Colorado River special use stamp ($2.00), in addition to a regular valid fishing license, is required of any person fishing from a boat or other floating device on the waters of Lake Mead, Lake Mohave and those waters of the Colorado River below Davis Dam which constitute the Arizona-Nevada boundary. This stamp and license permits fishing on the above-described water regardless of state boundary lines.

SEASONS, METHODS AND LIMITS

There will be no closed season on any fish species.

There will be no size or weight limit on any fish species.

Trout, bass and channel catfish are the only fish designated as game fish.

The limit of trout, bass and channel catfish will be 10 of each species per day, or in possession, except that the limit of channel catfish taken from the waters between Nevada and Arizona will be 25 per day or in possession.

There will be no bag or possession limits on any other fish species, except that non-licensed children under the age of 14 years may take or possess only half the adult bag limit.

Continued -

Spearing, gigging, clubbing or shooting of fish is prohibited, except that rough fish (carp-buffalo-suckers), may be taken with bow and arrow or spear from the waters between Nevada and Arizona, provided that any person taking or attempting to take rough fish in this manner may not have any other type of fishing equipment on his person or in the boat. It is unlawful to take or attempt to take other species of fish in this manner. This method of taking rough fish may not be practiced within one-half (1/2) mile of any boat dock, swimming area, or other place where people are concentrated. This method of taking rough fish requires the same fishing license and special use stamp as required for any other fishing on these waters.

FISHING RESTRICTIONS and CLOSED AREAS

No Fishing is permitted on any posted spawning area.

No Fishing is permitted within 150 yards above Big Lake dam, from February 1 to August 1, inclusive.

No Fishing is permitted from the concrete dam at the head of Lakeside lake to the head of feeder springs.

The upper portion of Lake Mohave including the area from Ringbolt Rapids to the Bureau of Reclamation "No Admittance" sign is closed to fishing on a yearly basis from December 15th to March 15th, inclusive.

All that portion of Lake Mead approximately one-quarter (1/4) mile above Hoover Dam to the "No Admittance" signs, the Colorado River from Hoover Dam downstream approximately two miles to the "No Admittance" sign, and that portion of Lake Mohave immediately above and/or below Davis Dam which is signed to "No Admittance" is closed to all fishing.

Bunch Lake, commencing with the year 1954 is to be closed to fishing on each even-numbered year thereafter; and commencing in the year 1955, Tunnel Lake will be closed to fishing in all uneven numbered years thereafter. May 1, will be established as the opening and closing dates for each lake.

LIVE BAIT REGULATIONS

The term "LIVE BAIT" as used herein shall apply only to live fishes. No license is required to capture and/or sell, either wholesale or retail, other forms of bait such as water dogs, worms and crickets.

THE USE OF LIVE BAIT IS PROHIBITED in all waters of the state containing trout, except the Colorado River.

LIVE BAIT FOR PERSONAL USE MAY BE TAKEN BY ANY LICENSED FISHERMAN:

1. With the aid of a dip net not to exceed six feet in diameter and/or a minnow trap not to exceed 24 inches in the greatest length nor more than 12 inches in greatest depth or width.

2. With the aid of a seine not to exceed four feet in depth nor ten feet in length.

3. With the aid of hook and line.

ANY FISH TAKEN IN THE ABOVE MANNER, except trout, bass or channel (forked tail) catfish, may be used for live bait, but ONLY in the water from which such live bait was removed.

NO LIVE BAIT MAY BE TRANSPORTED INTO THE STATE OF ARIZONA from out of state except the salt water mud sucker, Gillichthys and goldfish, Carassius auratus.

LIVE BAIT other than the salt water mud sucker, goldfish, bluegill and redhorse minnow may not be sold or transported within the State of Arizona. All live bait which is purchased must be purchased from a licensed fish farm or licensed bait dealer. No live bait for commercial sale may be taken from the public waters of Arizona. All wholesale or retail bait dealers must retain a receipt for all bait RECEIVED.

NEVADA-ARIZONA FISHING AGREEMENT

It is hereby ordered that the memorandum of understanding signed by the Nevada Game and Fish Commission and the Arizona Game and Fish Commission be made a part of these Commission orders.

MEMORANDUM OF UNDERSTANDING

BETWEEN THE ARIZONA GAME AND FISH COMMISSION AND THE NEVADA GAME AND FISH COMMISSION PERTAINING TO FISHERIES MANAGEMENT.

This memorandum shall become effective July 1, 1951 and shall remain in effect until abrogated by either state upon a ninety day written notice prior to the end of the license year of the state giving such notice.

1. Any person fishing from a boat or other floating device on the waters of Lake Mead, formed by Hoover Dam; Lake Mohave, formed by Davis Dam; and the Colorado River below Davis Dam where said river forms a mutual boundary between Arizona and Nevada, must have in his possession a valid resident, non-resident, alien, or short-term fishing license issued by either the State of Arizona or the State of Nevada.

In addition to one of the above described licenses, a person must have in possession a Special Use Permit ($2.00). A person having in possession a valid Nevada resident, non-resident, or short-term fishing license must have a ($2.00) Arizona Special Use Permit to legally fish the waters described above. A person having in possession a valid Arizona resident, non-resident, alien, or short-term license must have a ($2.00) Nevada Special Use Permit to legally fish the waters described above.

Said Special Use Permits when accompanied by the proper license will allow fishing in any portion of said waters and permit fishermen to enter the described waters from any point. This applies to waters of Lake Mead, formed by Hoover Dam; the waters of Lake Mohave, formed by Davis Dam; the Colorado River below Davis Dam where said river forms the mutual boundary between Arizona and Nevada.

Continued -

2. All persons fishing from the shores of Lake Mead, Lake Mohave and the Colorado River located in Arizona or Nevada must have in possession a valid fishing license from the state which has jurisdiction over said shore line. Such shore line fishing does not require a Colorado River Special Use Permit as long as said fishermen remain on the shore and do not embark on the water.

3. Present statutes of Arizona and Nevada will apply insofar as resident and non-resident children are concerned, and Colorado River Special Use Permits will not be required of said children when fishing.

4. Nevada fishing licenses will only be sold within Nevada and Arizona licenses within Arizona, with the Arizona Colorado River Special Use Permits being sold by Nevada license dealers under the supervision of the Nevada Game and Fish Commission, and the Nevada Colorado River Special Use Permits being sold by Arizona license dealers under the supervision of the Arizona Game and Fish Commission. Both states agree to refrain and restrict adverse advertisement which would tend to promote license sales for their particular state.

5. The Arizona Game and Fish Commission will handle Nevada Special Use stamps and issue same to Arizona license dealers and prior to February 28 of each year will make an audit report, together with remittance for permit sales to the Nevada Game and Fish Commission.

The Nevada Game and Fish Commission will handle the Arizona Special Use stamps and issue the same to the Nevada license dealers and prior to August 31 of each year will make an audit report and remittance for permit sales to the Arizona Game and Fish Commission.

6. Arizona Special Use permits ($2.00) will be valid from January 1 to December 31 of each year to coincide with Nevada fishing licenses. For the six month period from July 1, 1951 to December 31, 1951 the Arizona Special Use permit shall cost $1.00. On January 1, 1952 the Arizona Use permit shall be $2.00 for the ensuing year and thereafter.

Continued -

Nevada Special Use permits ($2.00) will be valid from July 1 to June 30 of each year to coincide with Arizona fishing licenses.

7. The Arizona Game and Fish Commission and the Nevada Game and Fish Commission agree that all regulations regarding seasons, bag limits, hours of fishing, types of fishing tackle, live bait regulations, etc., shall be the same and that such regulations will be adequately posted by both states at all docks, landings and points of entrance on both sides of the waters in question.
